

CONTENTS

FOREWORD	xv
PREFACE	xvii
PART I DIAGNOSIS	1
1 / DIAGNOSTIC CONSIDERATIONS , <i>Joseph A. Flaherty, M.D., F. Moises Gaviria, M.D., and Eduardo Val, M.D.</i>	3
Classification of Affective Disorders Before <i>DSM-III</i> , 7. <i>DSM-III</i> Classification of Affective Disorders, 11. Major Affective Disorders, 11. Other Specific Affective Disorders, 15. Atypical Affective Disorders, 16. The Future of Classification of Affective Disorders, 16. Appendix, 17.	
2 / MAJOR AFFECTIVE DISORDERS: CLINICAL CONSIDERATIONS , <i>F. Moises Gaviria, M.D., Joseph A. Flaherty, M.D., Eduardo Val, M.D.</i>	27
The Unipolar/Bipolar Distinction, 28. Phenomenology of the Major Affective Disorders, 30. Clinical Course and Prognosis of the Major Affective Disorders, 39. Differential Diagnosis of the Major Affective Disorders, 45.	
3 / DEPRESSION AND PHYSICAL ILLNESS , <i>Sara C. Charles, M.D.</i>	57
Depression as a First Sign of Physical Illness, 58. Depression Secondary to Physical Illness, 62. Depression and Drug Therapy, 64. Depression Masked by Complaints of Physical Illness, 70.	

- 4 / GRIEF, MOURNING, AND AFFECTIVE STATES,
Jonathan Lewis, M.D. 77

Historical Background, 78. Normal Grief, 81. Pathologic Grief, 82. Grief and Psychiatric Disturbance, 84. Treatment Considerations, 88.

PART II PSYCHOPATHOLOGY OF AFFECTIVE DISORDERS 93

- 5 / SOCIAL AND EPIDEMIOLOGIC ASPECTS OF AFFECTIVE
DISORDERS, *Joseph A. Flaherty, M.D., F. Moises Gaviria,
M.D., and Eduardo Val, M.D.* 95

Epidemiology of Affective Disorders, 95. Depressive Symptoms in Community Surveys, 96. Sociology of Affective Disorders, 107.

- 6 / BIOCHEMICAL ASPECTS OF AFFECTIVE DISORDERS, *Frank A.
DeLeon-Jones, M.D.* 117

Catecholamine Hypothesis of Affective Disorders, 119. The Switch Process in Affective Disorders, 125. Studies of Enzymes Involved in the Metabolism of Monoamines, 125. Indoleamine (Serotonin) Hypothesis, 126. Cholinergic Hypothesis of Mania and Depression, 127. Endorphins, 127. Electrolytes and Affective Disorders, 128.

- 7 / NEUROENDOCRINE ASPECTS: AN OVERVIEW,
Charles H. Rodgers, Ph.D. 137

Physiology of the Adrenals and Gonads, 137. Hormone-Behavior Relationships in Normal States, 141. Depressive Illness Concomitant With Endocrine Changes, 143.

- 8 / NEUROPHYSIOLOGIC ASPECTS, *Srinath Bellur, M.D.* 153

Neurophysiology and Affect, 153. Electroencephalography, 157. Cortical Evoked Responses, 158. Sleep Studies, 160. Electrodermal Activity, 161.

- 9 / GENETIC ASPECTS, *Elizabeth Dorus, Ph.D., and
Rita Shaughnessy, Ph.D.* 165

Structural Abnormalities of Chromosomes, 166. Chromosome Aneuploidy, 167. Genes Involved in Affective Disorders, 167. Summary, 177.

10 / PSYCHOLOGICAL ASPECTS, <i>Eduardo Val, M.D., Joseph A. Flaherty, M.D., and F. Moises Gaviria, M.D.</i>	183
Psychoanalytic Study of Affective Disorders, 183. Cognitive and Learned Helplessness Models, 207. Personality and Affective Disorders, 210. Conclusions: Implications for Research and Clinical Work, 220.	
11 / SUICIDE, <i>Suhayl Nasr, M.D.</i>	229
Profiles of Suicidal Patients, 231. Assessment of the Acutely Suicidal Patient, 236. Treatment, 238.	
PART III TREATMENT	245
12 / THE LEGAL NATURE OF THE THERAPEUTIC CONTRACT: RAMIFICATIONS FOR TREATMENT OF AFFECTIVE DISORDERS, <i>Sandra G. Nye, J.D., M.S.W.</i>	247
The Psychiatrist-Patient Relationship as a Legal Entity, 248. Termination and Abandonment, 249. Commitment and Consent, 250. Confidentiality, Privacy, and the Patient at Risk, 252. Documentation, 257.	
13 / PSYCHOPHARMACOLOGIC TREATMENT APPROACHES, <i>Henry Lahmeyer, M.D.</i>	261
Diagnosis and Severity of the Illness, 262. Predicted Course of the Illness, 263. Therapeutic Options Available, 264. Tricyclic Antidepressants, 267. Monoamine Oxidase Inhibitors, 271. Lithium, 276. Pharmacologic Management of the Major Affective Disorders, 278. Other Somatic Approaches, 289. Treatment of Special Affective Disorders Conditions, 292.	
14 / PSYCHOLOGICAL MANAGEMENT OF AFFECTIVE DISORDERS, <i>Eduardo Val, M.D., Joseph A. Flaherty, M.D., and F. Moises Gaviria, M.D.</i>	301
Difficulties En Route to an Integrated Therapy, 302. Psychological Management of Depression and Mania, 306. Psychotherapy and Affective Disorders, 316. Combined Treatment for Affective Disorders, 318. Guidelines for the Treatment of Affective Disorders, 323.	

- 15 / AFFECTIVE DISORDERS AND THE ROLE OF THE PRIMARY CARE PHYSICIAN, *James S. Eaton, Jr., M.D.* 333

Multiple Roots of Affective Illness, 334. The Physician's Role, 335.

- 16 / THE AFFECTIVE DISORDERS CLINIC: A SPECIALIZED SETTING, *Linda Rydman, B.A., B.S.N.* 345

The Need for a Specialized Setting in the Treatment of Affective Disorders, 345. The Specialized Setting and the Nursing Role, 349.

PART IV AFFECTIVE DISORDERS AND THE LIFE CYCLE 361

- 17 / AFFECTIVE DISORDERS AND THE LIFE CYCLE, *John J. Schwab, M.D.* 363

Epidemiology, 364. Depression as a Sociomedical Syndrome, 365. Depressive Syndromes and the Life Cycle, 366. Conclusions, 369.

- 18 / DEPRESSION IN CHILDREN AND ADOLESCENTS, *Elva O. Poznanski, M.D.* 373

Depressive Affect Versus Depressive Syndrome, 374. Symptomatology, 375. Manic-Depressive Illness, 377. Classification, 378. Etiology, 380. Conclusion, 385.

- 19 / DEPRESSION AND WOMEN, *Anne Seiden, M.D.* 389

Problems in Studying Gender-Related Prevalence of Depression, 389. Biologic Versus Social Causes of Depression in Women, 392. Maternal Roles and Depression in Women, 403. Marriage and Depression, 406. Women, Depression, and Work, 410.

- 20 / POSTPARTUM DEPRESSION, *Henry Lahmeyer, M.D., and Carl Jackson, M.D.* 417

Clinical Presentation, 418. Temporal Pattern, 418. Etiology, 419. Treatment and Prophylaxis, 425.

21 / DEPRESSION IN THE ELDERLY, <i>Hyman L. Muslin, M.D.</i>	431
Phenomenology of Depression in the Elderly, 432. Psychology of Aging, 432. Clinical Vignettes, 435. Diagnosis and Treatment of Depression in the Elderly, 437.	
22 / AFFECTIVE DISORDERS AND THE FAMILY SYSTEM, <i>Norman R. Bernstein, M.D.</i>	441
Dynamics of Home Life, 441. Depression and Family Dynamics, 444. Family Treatment, 451.
