

vi	<i>Contents</i>	
11	Serodiagnosis of Hydatid Disease I. G. KAGAN	130
12	Serodiagnosis of Trichinosis I. G. KAGAN	143
13	Serodiagnosis of Other Helminth Infections E. J. L. SOULSBY	152

SECTION III
Acquired Resistance and Immunity to Parasitic Infections

14	Immunity of Amoebic Infection IRIS M. KRUPP and R. C. JUNG	163
15	Immunology of Clinical and Experimental Leishmaniasis PATRICIA M. PRESTON and D. C. DUMONDE	167
16	Immunity to African Trypanosomiasis R. J. TERRY	203
17	Immunology of American Trypanosomiasis W. L. HANSON	222
18	Immunology of Toxoplasma Infection J. S. REMINGTON and J. L. KRAHENBUHL	235
19	Resistance to Malaria K. N. BROWN	268
20	Immunity to Trematode Infections S. R. SMITHERS	296
21	Immunology and Regulation of the Cestode Zoonoses M. A. GEMMELL	333
22	Immunity and Acquired Resistance to Trichinosis D. CATTY	359
23	Immunity to Nematode Parasites BRIDGET M. OGILVIE and M. J. WORMS	380

SECTION IV
Immunopathology of Parasitic Infections

24	Immediate Hypersensitivity (Type I) Reactions N. J. ZVAIFLER	409
25	Immunopathology Due to Type II Reactions R. R. A. COOMBS	431
26	Immunopathology Due to Complexes of Antigen and Antibody (Type III Reactions) in Parasitic Infections A. C. ALLISON and V. HOUBA	436
27	Immunopathology Due to Cell-mediated (Type IV) Reactions K. S. WARREN	448

Appendix

28	Life Cycles of Common Parasites of Medical Importance E. H. SADUN	469
	Index	489
