

CONTENTS

<i>Foreword</i>	xi
<i>Preface</i>	xiii
<i>Acknowledgements</i>	xiv
1. THE INVESTIGATION AND TREATMENT OF AN	
ORTHOPAEDIC PATIENT	1
Investigation	1
Treatment of Orthopaedic Conditions	2
Gait	7
Congenital Skeletal Limb Deficiencies	7
2. GENERALIZED DISORDERS	
Arthritis	10
Osteo-arthritis	10
Septic Arthritis	11
Tuberculous Arthritis	12
Rheumatoid Arthritis	14
Gout	15
Crystal Arthritis	16
Neuropathic Arthritis	17
Haemophilic Arthritis	17
3. INFECTIONS OF BONE	
Acute Osteomyelitis	19
Chronic Osteomyelitis	21
Tuberculous Infection of Bone	22
Syphilitic Infection of Bone	22
Yaws	23
4. TUMOURS OF BONE	
Benign Tumours	26
Osteoma	26
Chondroma	26
Osteochondroma	26
Benign or Malignant Tumours	27
Giant Cell Tumour	27
Primary Malignant Tumours	28
Osteogenic Sarcoma	28
Chondrosarcoma	30
Multiple Myelomatosis	31
Secondary Malignant Tumours	32
Metastatic Tumours	32
Leukaemia	34
Bone Cysts	34
Simple Bone Cysts	34
Other Causes of Cystic Lesions of Bone	36
5. GENERALIZED AFFECTIONS OF THE SKELETON	
OF GENETIC ORIGIN	37
Osteogenesis Imperfecta	37
Diaphyseal Aclasis	38
Achondroplasia	40

6. GENERALIZED AFFECTIONS OF THE SKELETON NOT KNOWN TO BE OF GENETIC ORIGIN	43
Enchondromatosis	43
Fibrous Dysplasia	43
Osteoporosis	44
Paget's Disease	45
7. DISORDERS OF METABOLISM AND DIET	46
Infantile Scurvy	46
Rickets and Osteomalacia	46
Infantile Rickets	47
Coeliac Rickets	47
Renal Rickets	48
Affections of the Reticulo-endothelial System	49
Lipochoondrodystrophy	49
Eosinophilic Granuloma	49
Parathyroid Osteodystrophy	52
8. NEUROLOGICAL DISORDERS	55
Leprosy	55
Anterior Poliomyelitis	57
Cerebral Palsy	62
General Affections of the Soft Tissues	64
Arthrogryposis Multiplex Congenita	64
9. THE CERVICAL SPINE	66
Investigation	66
Congenital Deformities	67
Hemivertebra or Congenital Wedge Vertebra	67
Spina Bifida	67
Sternomastoid Torticollis	67
Arthritis	69
Cervical Spondylosis and Osteo-arthritis	69
Tuberculous arthritis of the Cervical Spine	71
Septic Arthritis	72
Ankylosing Spondylitis	72
Other Disorders	73
Spontaneous Dislocation of the Atlas and Axis	73
Cervical Rib	74
Fibrositis	75
Spinal Tumours	76
10. THE THORACIC AND LUMBAR SPINE	78
Investigation	78
Congenital Deformities	80
Abnormalities of the Lumbosacral Junction	80
Hemivertebra	80
Spina Bifida	80
Other Deformities	82
Kyphosis	82
Lordosis	82
Scoliosis	82
Arthritis	84
Tuberculous Arthritis	84
Septic Arthritis	86
Osteo-arthritis	87

Other Disorders	88
Intervertebral Disc Derangements	88
Ankylosing Spondylitis	90
Spondylolysis	91
Spondylolisthesis	91
Vertebral Osteochondritis or Epiphysitis	92
Tumours	93
Tumours of the Vertebrae	93
Spinal Tumours	93
 11. THE SACRUM AND COCCYX	 94
Arthritis	94
Tuberculous Arthritis	94
Ankylosing Spondylitis	94
Mechanical Strain	95
Sacro-iliac Strain	95
Coccydynia	95
 12. THE SHOULDER	 96
Investigation	96
Arthritis	97
Osteo-arthritis	97
Septic Arthritis	97
Tuberculous Arthritis	98
Neuropathic Arthritis	99
Other Disorders	100
Frozen Shoulder	100
The Painful Arc Syndrome	101
 13. THE ELBOW	 102
Investigation	102
Arthritis	102
Osteo-arthritis	102
Tuberculous Arthritis	103
Septic Arthritis	104
Haemophilic Arthritis	105
Other Disorders	105
Tennis Elbow	105
Olecranon Bursitis	105
Loose Bodies in the Elbow	105
 14. THE FOREARM	 106
Congenital Deformities	106
Congenital Constriction Grooves	106
Congenital Skeletal Limb Deficiencies	106
Infections of Bone	107
Acute Osteomyelitis	107
Chronic Osteomyelitis	108
Other Disorders	108
Acute Non-infective Tenosynovitis	108
Benign Tumours	109
Osteochondroma	109
Benign or Malignant Tumours	110
Giant Cell Tumour	110

15. THE WRIST	111
Investigation	111
Arthritis	111
Osteo-arthritis	111
Tuberculous Arthritis	112
Rheumatoid Arthritis	113
Other Disorders	115
Ganglion of the Wrist	115
Compression of the Median Nerve in the Carpal Tunnel	115
Chronic Infective Tenosynovitis	115
Tendovaginitis Stenosans	116
16. THE HAND	117
Investigation	117
Congenital Deformities	118
Lobster Claw Hand	118
Supernumerary Digits	118
Congenital Constriction Grooves	120
Macroductyly	120
Tumours	120
Localized Nodular Tenosynovitis	120
Other Disorders	121
Trigger Finger	121
Trigger Thumb	121
Dupuytren's Contracture	121
Ganglion of the Flexor Sheath	122
Leprosy	122
17. THE HIP	126
Investigation	126
Fixed Deformities	127
Congenital Deformities	130
Congenital Subluxation and Congenital Dislocation of the Hip Joint	130
Extra-articular Disorders	131
Iliac Adenitis	131
Tuberculosis	131
Arthritis	132
Transient Synovitis	132
Primary Osteo-arthritis	132
Secondary Osteo-arthritis	133
Tuberculous Arthritis	133
Septic Arthritis	135
Neuropathic Arthritis	136
Rheumatoid Arthritis	137
Other Disorders	138
Slipping of the Upper Femoral Epiphysis	138
Perthes' Disease	138
18. THE THIGH	140
Infections of Bone	140
Acute Osteomyelitis	140
Chronic Osteomyelitis	141
Tumours of Bone	141
Giant Cell Tumour	141

Osteosarcoma	142
Secondary Malignant Tumours	143
 19. THE KNEE	 144
Investigation	144
Extra-articular Disorders	146
Osgood-Schlatter Disease	146
Popliteal Cyst	147
Pre-patellar Bursitis	148
Genu Valgum	149
Genu Varum	149
Arthritis	151
Osteo-arthritis	151
Septic Arthritis	151
Tuberculous Arthritis	151
Rheumatoid Arthritis	153
Neuropathic Arthritis	153
Clutton's Joints	154
Haemophilic Arthritis	156
Other Disorders	156
Tears of the Semilunar Cartilages	156
Cysts of the Semilunar Cartilages	157
Discoid External Menisci	158
Loose Bodies in the Knee Joint	158
Chondromalacia of the Patella	159
Shortening of the Quadriceps	160
Recurrent Dislocation of the Patella	161
Rupture or Avulsion of the Quadriceps	162
 20. THE LEG	 163
Congenital Deformities	163
Constriction Grooves	163
Congenital Skeletal Limb Deficiencies	163
Infections of Bone	165
Acute Osteomyelitis	165
Chronic Osteomyelitis	165
Syphilis	166
Yaws	167
Tumours of Bone	167
Osteochondroma	167
Giant Cell Tumour	167
Osteosarcoma	167
Secondary Deposits	168
 21. THE ANKLE AND FOOT	 170
Investigation	170
Anterior Poliomyelitis	172
Arthritis	173
Osteo-arthritis	173
Septic Arthritis	173
Tuberculous Arthritis	174
Rheumatoid Arthritis	175
Gout	175
Neuropathic Arthritis	175

Congenital Disorders of the Foot	175
Congenital Talipes Equinovarus	175
Talipes Calcaneovalgus	177
Accessory Bones	178
Other Disorders	178
Tenosynovitis of the Achilles Tendon	178
Pes Cavus	178
Pes Planus	179
Bound Feet	179
Osteochondritis of the Navicular	179
Plantar Digital Neuroma	180
Plantar Fasciitis	180
Plantar Wart	181
Leprosy	181
22. THE TOES	184
Congenital Deformities	184
Polydactyly	184
Macroductyly	184
Acquired Deformities	184
Hallux Valgus	184
Hammer Toe	185
Other Disorders	185
Leprosy	185
Gout	185
Subungual Exostosis	186
Ingrowing Toe Nail	186
<i>Index</i>	187
