

# CONTENTS

<b>Preface</b>	i
<b>Contributors</b>	ii
<b>Chapter I. MALARIA AND THE SOCIAL SCIENCES</b>	1
<i>Wijitr Fungladda</i>	
<b>Chapter II. SOCIAL SCIENCE RESEARCH METHODOLOGY</b>	5
<i>Kamolnetr Okanurak</i>	
Qualitative research methods	5
Non-participant observation	6
Participant observation	7
Key informant interviewing	8
Quantitative research methods	8
Interviews	9
Unstructured interviews	9
Structured interviews	10
Questionnaires	10
References	12
<b>Chapter III. SOCIAL EPIDEMIOLOGY OF MALARIA</b>	14
<i>Piyarat Butraporn</i>	
Introduction	14
A. Southeast Asia	15
B. Parasitology	23
C. Entomology and disease transmission	23
D. Human environmental factors	25
E. Constraints in malaria control programme	26
F. Migration and its impact on malaria control	27
Conclusions	32
References	33
<b>Chapter IV. FACTORS AFFECTING MALARIA RELATED BEHAVIOR: A LITERATURE REVIEW OF BEHAVIORAL THEORIES AND RELEVANT RESEARCH</b>	36
<i>Oratai Rauyajin</i>	

Part I.	Introduction	36
	Significance of malaria as a public health problem	36
	Malaria situation in Thailand	38
	Malaria control activities and its problems in Thailand	39
Part II.	Definition of malaria-related preventive and illness behaviors	44
	Theoretical approaches to health-related behavior	44
	Discussion of individual variables in the three models	46
Part III.	Review of research finding relevant to each variable in the three models	56
	References	65
<b>Chapter V.</b>	<b>HUMAN BEHAVIOR AND MALARIA</b>	70
	<i>Thavitong Hongvivatana</i>	
	Introduction	70
	Aspects of human behavior:- the need for a broader framework	71
	Human behavior in malaria transmission and control	74
	Illness behavior	77
	Human behavior in malaria control bureaucracies	78
	References	80
<b>Chapter VI.</b>	<b>HEALTH BEHAVIOR AND ILLNESS BEHAVIOR OF MALARIA: A REVIEW</b>	84
	<i>Wijitr Fungladda</i>	
	Introduction	84
	Definition	84
	Malaria health behavior	85
	Malaria health behavior in Southeast Asian Region	93
	Illness behavior of malaria patients	95
	Conclusion	96
	References	97
<b>Chapter VII.</b>	<b>COMMUNITY PARTICIPATION IN MALARIA CONTROL PROGRAMME</b>	100
	<i>Kamolnetr Okanurak and Santasiri Sornmani</i>	

Community participation	101
Concept of community participation	102
Role of people in community participation	103
Community participation in malaria control programme	105
Establishment	105
References	113
<b>Chapter VIII. ECONOMIC ASPECTS OF MALARIA CONTROL</b>	<b>115</b>
<i>Somkid Kaewsonthi and Alan G. Harding</i>	
Introduction	115
Economic evaluation and analysis	116
Research studies	119
Research findings	121
References	136
<b>Chapter IX. SOCIAL SCIENCE RESEARCH NEEDS IN MALARIA</b>	<b>138</b>
<i>Wijitr Fungladda</i>
