

# CONTENTS

## 1.

### *PSYCHOLOGY: A SCIENCE AND A PROFESSION*

*I*

What Is Psychology? 1 | Science and Psychology 2 | The Scientific Methods 5 | Reliability and Validity 15 | Psychology and Other Disciplines 16 | Psychology in 1890 and Today 17 | Fields of Contemporary Psychology 19 | The Profession of Psychology 25 | Overview of this Book 30 | Summary 31, Exercises 32, Selected References for Further Study 33

## 2.

### *THE HUMAN NERVOUS SYSTEM AND ENDOCRINE GLANDS*

*35*

The Human Nervous System: General Considerations 36 | Structural Characteristics of Neurons 37 | Functional Characteristics of Neurons 39 | Divisions of the Nervous System and Connections to Them 42 | The Peripheral Nervous System 44 | Methods Used in Research on the Nervous System 47 | Central Nervous System: Spinal Cord and Lower Brain Structures 49 | Central Nervous System: Diencephalon 52 | Central Nervous System: Telencephalon 53 | Central Nervous System: Limbic and Reticular Systems 57 | Endocrine Glands and Behavior 60 | Summary 64, Exercises 67, Selected References for Further Study 67

### 3.

#### **HEREDITY AND DEVELOPMENT**

69

The Genetics of Behavior 70 | Prenatal Development 76 | Motor Development after Birth 80 | Perceptual Development after Birth 86 | Personality Development 91 | Summary 102, Exercises 105, Selected References for Further Study 106

### 4.

#### **MOTIVATION AND EMOTION**

109

What Is Motivation? 109 | Theories of Motivation 114 | Representative Physiological (Inborn) Motives 120 | Psychosocial Motives 133 | Emotion 137 | Complex Effects of Motivation and Emotion on Behavior 145 | Summary 149, Exercises 152, Selected References for Further Study 154

### 5.

#### **SENSATION AND PERCEPTION**

155

Vision 156 | Audition 169 | The Cutaneous (Skin) Senses 188 | The Chemical Senses 191 | The Labyrinthine Senses 195 | The Kinesthetic Sense 196 | Some Problems in Perception 197 | Psychophysics 205 | Summary 211, Exercises 214, Selected References for Further Study 215

### 6.

#### **LEARNING AND REMEMBERING**

217

Definition and Introduction 217 | Classical Conditioning 218 | Instrumental Conditioning 224 | Reinforcement 227 | Measuring Learning 231 | Learning Discriminations and Skills 234 | Problem Solving 239 | Verbal Learning 240 | Transfer of Training 243 | Remembering 244 | Why Does Forgetting Occur? 248 | Short-Term Memory versus Long-Term Memory 251 | Other Factors Related to the Efficiency of Learning and Remembering 252 | Physiological and Biochemical Factors in Learning and Memory 258 | Three Applica-

tions of the Principles of Learning 265 | Summary 270, Exercises 272,  
Selected References for Further Study 274

## 7.

### COMMUNICATING AND THINKING

277

Nonverbal Communication 277 | Verbal Communication in Lower  
Animals 278 | Speech and the Brain 279 | The Structure and Mean-  
ing of Language 282 | The Learning of Concepts 285 | What Is  
Thinking? 288 | Images and Thinking 290 | Implicit Responses and  
Theories of Thinking 291 | Problem Solving: Trial and Error or In-  
sight? 294 | Stages and Thinking in Problem Solving 297 | Factors  
Affecting Problem Solving 299 | Creativity 305 | Autism and  
Dreaming 307 | Summary 310, Exercises 312, Answers to Exercises 313,  
Selected References for Further Study 315

## 8.

### ABILITIES AND OTHER INDIVIDUAL DIFFERENCES

317

Overview of the Chapter 319 | Growth of Testing 319 | Ways of  
Classifying Tests 320 | Test Construction and Evaluation 323 | Re-  
liability and Validity 331 | History and Definitions of Intelligence  
333 | Current Individual Tests of Intelligence 335 | Group Intelli-  
gence Tests 340 | General Intelligence versus Specific Intelligences  
343 | The Distribution of Intelligence 344 | Factors Related to In-  
telligence 348 | Special Abilities 353 | Standardized Achievement  
Tests 355 | Theories of Personality 355 | Methods of Measuring Per-  
sonality 358 | Uses and Misuses of Tests 365 | Summary 367, Exer-  
cises 369, Selected References for Further Study 370

## 9.

### SOCIAL PSYCHOLOGY

373

Definition of Social Psychology 374 | Social Norms and Conformity  
376 | Social Roles 380 | Social Status 382 | Leadership 385 |  
Group Structure and Communication 389 | Group Discussion and  
Group Dynamics 392 | Definitions and Measurements of Opinions

[x]    **CONTENTS**

and Attitudes 398 | Attitude Change and Propaganda 403 | Social Prejudice 412 | Summary 417, Exercises 421, Selected References for Further Study 423

**10.**

**MENTAL DISORDERS AND THERAPY**

**425**

History and Terminology 425 | Frustration, Anxiety, and Defense Mechanisms 431 | Psychophysiological (Psychosomatic) Disorders 437 | Neuroses 438 | Psychoses 444 | Personality Disorders and Other Non-psychotic Mental Disorders 454 | Physical and Psychosocial Bases of Mental Disorders 456 | Physical Therapies 458 | Psychotherapy 461 | Summary 468, Exercises 470, Selected References for Further Study 472

*Appendix A.*

**A SHORT HISTORY OF PSYCHOLOGY**

**473**

Psychology before the Twentieth Century 474 | Early Twentieth-Century Schools of Psychology 483 | Later Developments in the United States 488 | Summary 490, Exercises 492, Selected References for Further Study 493

*Appendix B.*

**AN INTRODUCTION TO  
PSYCHOLOGICAL STATISTICS**

**495**

Statistical Description 495 | Statistical Inference 519 | Summary 530, Exercises 531, Selected References for Further Study 532

**BIBLIOGRAPHY**

**533**

**INDEX**

**559**
