

CONTENTS

Section One *THE PRINCIPLES OF IMMUNOLOGY*

<i>Chapter 1</i>	INTRODUCTION: DEVELOPMENT OF THE IDEA OF IMMUNITY	3
<i>Chapter 2</i>	GENERAL IMMUNOBIOLOGY.....	13
<i>Chapter 3</i>	IMMUNOGENETICS	60
<i>Chapter 4</i>	IMMUNOCHEMISTRY	92
	A. Immunogenicity	92
	B. Antibody: Structure and Function.....	101
	C. Complement Activity	119
<i>Chapter 5</i>	MANIFESTATIONS OF THE SPECIFIC IMMUNE RESPONSE.....	132
	A. Antigen-Antibody Interactions.....	132
	B. Cell-Mediated Reactions.....	146
	C. <i>In Vivo</i> Expressions	156
<i>Chapter 6</i>	SUPPRESSION OF THE IMMUNE RESPONSE.....	160

Section Two *MECHANISMS OF RESPONSE*

PART ONE Mechanisms of Tissue Injury

<i>Chapter 7</i>	INFLAMMATION	175
------------------	--------------------	-----

ix

Chapter 8	MECHANISMS OF TISSUE INJURY PRODUCED BY IMMUNOLOGIC REACTIONS.....	184
------------------	--	-----

PART TWO

Protective Mechanisms Involved in the Immune
Response in Infecting Agents

Chapter 9	HOST-PARASITE RELATIONSHIPS.....	241
Chapter 10	MECHANISMS OF IMMUNITY TO BACTERIAL DISEASES.....	254
Chapter 11	IMMUNE MECHANISMS IN VIRAL DISEASES.....	269
Chapter 12	MECHANISMS OF IMMUNITY TO PARASITIC DISEASES.....	292
Chapter 13	MECHANISMS OF IMMUNITY TO FUNGAL DISEASES.....	312

PART THREE

Protective Mechanisms Concerned
with Neoplasia

Chapter 14	IMMUNE DEFENSE MECHANISMS IN TUMOR IMMUNITY	323
-------------------	--	-----

*Section Three**CLINICAL APPLICATIONS OF IMMUNOLOGY*

Chapter 15	IMMUNOLOGICALLY MEDIATED DISEASES.....	341
	A. Immunologically Mediated Disease Related to Exogenous Antigens (Allergy)	345
	B. Immunologically Mediated Disease Involving Homologous Antigens	376
	C. Immunologically Mediated Disease Involving Autologous Antigens	395
Chapter 16	IMMUNOPROLIFERATIVE DISORDERS.....	432
Chapter 17	IMMUNE DEFICIENCY DISORDERS.....	450

CONTENTS	xi
----------	----

<i>Chapter 18</i>	IMMUNOPROPHYLAXIS: THE USE OF VACCINES	484
<i>Chapter 19</i>	IMMUNOTHERAPY: THE USE OF PASSIVE IMMUNIZATION	510
<i>Chapter 20</i>	DIAGNOSTIC APPLICATIONS OF IMMUNOLOGY	526

*APPROACH TO THE PATIENT WITH
IMMUNOLOGIC DISEASE:*

<i>Appendix I</i>	PROBLEM: REPEATED INFECTIONS IN THE YOUNG INFANT	535
<i>Appendix II</i>	PROBLEM: REPEATED INFECTIONS IN THE ADULT PATIENT	539
<i>Appendix III</i>	PROBLEM: APPROACH TO PATIENT WITH "ALLERGIC" (HYPERSENSITIVITY) DISEASE.....	542
<i>Appendix IV</i>	PROBLEM: APPROACH TO IMMUNOLOGIC DISEASES IN THE NEWBORN (ISOIMMUNIZATION AND IMMUNOLOGIC PROBLEMS IN THE MOTHER AFFECTING THE INFANT)	545
<i>Appendix V</i>	PROBLEM: APPROACH TO PATIENT WITH MUSCULOSKELETAL ("AUTOIMMUNE") DISORDERS.....	548

*USES OF IMMUNOLOGIC TECHNIQUES
IN THE DIAGNOSIS OF OTHER DISEASES:*

<i>Appendix VI</i>	PROBLEM: USE OF IMMUNOLOGY IN DIAGNOSIS OF INFECTIOUS DISEASES	552
<i>Appendix VII</i>	PROBLEM: USE OF IMMUNOLOGY IN METABOLIC DISEASES	555
<i>Appendix VIII</i>	PROBLEM: USE OF IMMUNOLOGIC TECHNIQUES IN TRANSPLANTATION AND TUMOR IMMUNOLOGY.....	557
INDEX		559
