
Contents

1. Introduction 1

PART 1

Protozoa

2. Introduction to the Protozoa 15
3. Trypanosomes 26
4. Chagas' Disease 41
5. *Leishmania* and Leishmaniasis 50
6. Trichomonads 63
7. *Giardia* and Other Diplomonads 75
8. Termite and Wood Roach Symbiotes 84
9. Amebas and Enteric Protozoa of Humans 90
10. Free-Living Amebas as Pathogens 106
11. Ciliates and Opalinids 111
12. Introduction to the Apicomplexa 119
13. The Gregarines 123
14. The Coccidia 129
15. Extraintestinal Coccidia 143
16. Malaria in Humans and Related Infections 154
17. Piroplasmea 177
18. Myxozoa 192
19. Microspora 197

PART 2

Platyhelminths

20. Introduction to the Flatworms, Monogenea, and Aspidogastrea 207
21. The Blood Flukes or Schistosomes 226
22. Liver Flukes of Herbivores 246
23. Clonorchiasis and Opisthorchiasis 260
24. Echinostomatiasis 265
25. *Nanophyetus Salmincola* and "Salmon Poisoning Disease" 270
26. *Paragonimus*, the Human Lung Fluke 273
27. Class Cestoidea: The Tapeworms 277
28. The Pseudophyllidea and Proteocephala 287
29. Cyclophyllidea 297

PART 3

Nematodes

30. Introduction to the Nematodes 319
31. *Strongyloides* and Other Rhabditid Nematodes 329
32. Hookworms and Introduction to the Strongyles 339
33. Roundworms of Horses 352

- 34. Kidney Worm of Swine, Nodular Worms, and Other Strongyloidea 358
- 35. Trichostrongyles of Cattle, Sheep, and Goats 365
- 36. Lungworms 386
- 37. Lungworms with Vectors 391
- 38. *Ascaris* of Humans and Swine 404
- 39. Other Ascarids 412
- 40. Pinworms 419
- 41. Filarioid Nematodes 423
- 42. Guinea Worm 440
- 43. *Trichinella*, *Trichuris*, and *Capillaria* 443

PART 4

Acanthocephala, Nematomorpha, Mollusca, Annelida, and Pentastomida

- 44. Acanthocephala: Spiny-Headed Worms 453
- 45. Phylum Nematomorpha: Horsehair Worms 461

- 46. Mollusca and Annelida 464
- 47. Phylum Pentastomida 474

PART 5

Arthropods

- 48. Introduction to Arthropods 481
- 49. Crustacea 491
- 50. Insects: An Introduction 500
- 51. The Lice: Mallophaga and Anoplura 524
- 52. Hemiptera: Bedbugs and Kissing Bugs 531
- 53. Fleas and Flea-Borne Diseases 537
- 54. Diptera: Nematocera and Brachycera 548
- 55. Diptera: Cyclorrapha 566
- 56. Introduction to Arachnida and Mites 584
- 57. Ticks and Tick-Borne Diseases 600

Glossary 616
