

Table of Contents

Preface	ix
I. General Considerations 1	
1. Prevention of Poisoning	3
2. Emergency Management of Poisoning	14
3. Diagnosis & Evaluation of Poisoning	26
4. Management of Poisoning	43
5. The Physician's Legal & Medical Responsibility in Poisoning	92
II. Agricultural Poisons 95	
6. Halogenated Insecticides	97
7. Cholinesterase Inhibitor Pesticides	106
8. Miscellaneous Pesticides	115
III. Industrial Hazards 131	
9. Nitrogen Compounds	133
10. Halogenated Hydrocarbons	139
✓11. Alcohols & Glycols	159
✓12. Esters, Aldehydes, Ketones, & Ethers	170
✓13. Hydrocarbons	179
14. Corrosives	187
✓15. Metallic Poisons	209
16. Cyanides, Sulfides, & Carbon Monoxide	241
17. Atmospheric Particulates	254
IV. Household Hazards 265	
18. Cosmetics	267
19. Food Poisoning	271
20. Miscellaneous Chemicals	276
V. Medicinal Poisons 283	
21. Analgesics & Antipyretics	285
22. Anesthetics	301
23. Depressants	309
24. Drugs Affecting the Autonomic Nervous System	335
25. Antiseptics	347
26. Cardiovascular Drugs	364
27. Anti-infective Drugs	378

28. Stimulants	394
29. Irritants & Rubefacients	405
30. Cathartics	412
31. Endocrine Drugs	416
32. Miscellaneous Therapeutic & Diagnostic Agents	423

VI. Animal & Plant Hazards 437

33. Reptiles	439
34. Arachnids & Insects	454
35. Marine Animals	462
✓36. Plants	470

Appendix: Supplementary Oxygen Equipment	487
