

# Contents

Preface v

## Unit One. THE HEAD AND NECK

1. Anterior View of the Skull, Mandible, and Hyoid 2
2. Lateral View of the Skull 4
3. Skull from Above and Behind 6
4. Basal View of the Skull 8
5. Skull Interior: the Cranial Fossae and Foramina 10
6. Cutaneous Nerves and Dermatomes of the Head 12
7. The Scalp 14
8. Superficial and Deep Veins 16
9. Superficial Lymphatics of Head and Neck 18
10. Muscles of Facial Expression 20
11. Muscles of Mastication 22
12. The Facial (VII) Nerve 24
13. The Parotid Gland 26
14. Superficial and Deep Arteries of the Face 28
15. The Trigeminal (V) Nerve 30
16. The Temporomandibular Joint and Related Structures 32
17. The Cervical Triangles and Fascia 34
18. Veins of the Neck 36
19. The Anterolateral Muscles of the Neck 38
20. The Posterior Triangle and Subclavian Artery 40
21. The Anterior Triangle and Root of Neck 42
22. Muscles of Neck, Pharynx, and Tongue 44
23. Thyroid and Parathyroid Glands 46
24. Larynx: Muscles, Vessels, and Nerves 48
25. Larynx: Framework and Structure 50
26. Cervical Nerves, Plexus, and Cervical Sympathetic Trunk 52
27. The Floor of the Mouth, the Suprahyoid, Infrahyoid, and Anterior Vertebral Muscles 54
28. Submandibular and Sublingual Glands 56
29. The Tongue 58
30. Muscles of the Tongue and Swallowing 60
31. Lymphatics of the Nose and Tongue 62
32. Teeth and Palate 64
33. Muscles of the Palate 66
34. Palatine Tonsil 68
35. Auditory Tube, Nasopharynx, and Oral Pharynx 70

36. Meninges of the Brain and the Dural Reflections 72
37. Venous Sinuses and Drainage of Head and Face 74
38. Venous Drainage of Brain and Subarachnoid Space 76
39. Lateral View of the Brain 78
40. Medial View of the Brain 80
41. Basal View of the Brain 82
42. Brain Stem (Basal Ganglia to Medulla) 84
43. Arteries of the Brain 86
44. Ventricular System and Cerebrospinal Fluid 88
45. Eyelid and Lacrimal Gland 90
46. The Lacrimal Apparatus 92
47. The Orbit and Fascia Bulbi 94
48. The Extrinsic Muscles of the Eye 96
49. Structure of the Eye 98
50. Blood Vessels of the Orbit and Eye 100
51. Nerves of the Orbit 102
52. Autonomic Nerves of the Orbit 104
53. The External Ear 106
54. The Middle Ear 108
55. The Inner Ear 110
56. The Nose—Part I 112
57. The Nose—Part II 114
58. Mucous Membrane of the Nose and Sinuses 116
59. Arteries of the Nose 118
60. Nerves of the Nasal Cavity 120
61. Summary of the Cranial Nerves 122

## **Unit Two. THE DORSUM (BACK)**

62. Spinal Nerves and Cutaneous Nerves of the Back 126
63. The Vertebral Column 128
64. Typical and Cervical Vertebrae 130
65. The Thoracic and Lumbar Vertebrae—Sacrum and Coccyx 132
66. Superficial Dorsal Muscles 134
67. Muscles of the Back, the Rhomboid Layer, and the Lumbodorsal Fascia 136
68. Deep Muscles of the Back—Part I 138
69. Muscles of the Back—Part II 140
70. Arterial Blood Supply of the Spinal Cord 142
71. Veins of Cord and Vertebral Column 144
72. The Atlanto-occipital, Atlantoepistropheic, and Intervertebral Articulations 146
73. Intervertebral and Costovertebral Articulations—Part I 148
74. Intervertebral and Costovertebral Articulations—Part II 150
75. Spinal Meninges 152
76. Spinal Cord 154
77. Caudal End of Spinal Cord and Its Meninges 156
78. Muscles Producing Movements on the Vertebral Column 158

### **Unit Three. THE UPPER EXTREMITY**

- × 79. Cutaneous Nerves and Dermatomes of the Upper Extremity 160
- / 80. Superficial Veins of the Upper Extremity 162
- / 81. Lymphatics of the Upper Extremity 164
- 82. Bones of the Shoulder Girdle 166
- / 83. Articulations of the Shoulder Girdle 168
- 84. Humerus 170
- 85. Muscles of the Chest Wall 172
- / 86. The Axillary Region 174
- / 87. Parts of the Axillary Artery and the Brachial Plexus 176
- / 88. Vessels and Nerves of Axilla 178
- 89. Muscles of the Shoulder 180
- 90. Collateral Circulation Around the Shoulder 182
- / 91. Shoulder Joint 184
- × 92. Muscles of the Arm 186
- × 93. Vessels and Nerves of the Arm 188
- / 94. Bones of the Forearm 190
- / 95. Antecubital Region 192
- × 96. Muscles of the Volar Forearm 194
- 97. Deep Vessels and Nerves of the Volar Forearm 196
- 98. Muscles of the Dorsal Forearm 198
- 99. Compartments of Forearm, Deep Vessels and Nerves of Dorsal Aspect 200
- 100. Collateral Circulation Involving the Anastomosis Around the Elbow 202
- 101. The Elbow Joint 204
- 102. Bones of the Wrist and Hand 206
- 103. Volar and Lateral Aspects of the Wrist 208
- / 104. Superficial Palmar Hand 210
- 105. Muscles and Aponeurosis of the Hand—Part I 212
- 106. Muscles of the Hand—Part II 214
- 107. The Synovial Bursae, Compartments and Spaces in the Hand 216
- / 108. Relations at Dorsum of Wrist with Vessels and Nerves to Dorsum of Hand 218
- / 109. Fascia, Tendon Sheaths, Nerves, and Vessels of the Fingers 220
- 110. Joints of Forearm, Wrist, and Hand 222
- 111. Muscle-Nerve Relationship: Functional 224

### **Unit Four. THE THORAX**

- 112. The Mammary Gland 228
- 113. Sternum and Thoracic Cage as a Whole 230
- 114. Sternoclavicular, Sternocostal, and Intrasternal Articulations 232
- 115. The Ribs 234
- 116. Muscles, Deep Vessels, and Nerves of the Thoracic Wall 236
- 117. Surface Projections of Lungs and Pleura 238
- 118. Lungs 240
- 119. Bronchopulmonary Segments 242
- 120. Circulation and Innervation of the Lungs 244

- 121. The Heart, Surface Projections, Great Vessels, and Coronaries 246
- 122. The Pericardium 248
- 123. Interior of the Heart 250
- 124. The Valves of the Heart 252
- 125. Innervation and Conduction System of Heart 254
- 126. The Mediastinum 256
- 127. Trachea and Bronchi 258
- 128. The Esophagus 260
- 129. The Posterior Mediastinum and Thoracic Sympathetics 262
- 130. The Venous System of the Thoracic Wall 264
- 131. Summary of Respiratory Movements 266

**Unit Five. THE ABDOMEN AND PELVIS**

- 132. Topography of the Abdomen 268
- 133. Superficial Veins of Thorax and Abdomen 270
- 134. The Muscles of the Abdomen 272
- 135. Abdominal Aponeurosis, Rectus Sheath, and Deep Epigastric Vessels 274
- 136. Spermatic Cord, Inguinal Canal, and Hernia 276
- 137. Peritoneum 278
- 138. Peritoneum of Abdominal Wall and Pelvis 280
- 139. Stomach Structure: Parts and Relations 282
- 140. Blood Supply, Lymph Drainage, and Innervation of the Stomach 284
- 141. Duodenum 286
- 142. Pancreas 288
- 143. Duodenum—Jejunum—Ileum, Duodenal Fossae, and Superior Mesenteric Artery 290
- 144. The Large Intestine 292
- 145. Blood Supply of the Colon and Appendix 294
- 146. Gallbladder and Ducts 296
- 147. Liver 298
- 148. Liver Lobule and Portal Circulation 300
- 149. Spleen 302
- 150. The Kidney and Its Blood Vessels 304
- 151. Relations and Fixation of the Kidney; the Adrenal 306
- 152. Ureters 308
- 153. Lymphatics of the Abdomen 310
- 154. The Diaphragm 312
- 155. Bladder and Male Urethra 314
- 156. Lymphatics, Nerves, and Fascia of Bladder and Prostate 316
- 157. Vas Deferens, Seminal Vesicles, and Prostate 318
- 158. Rectum and Anal Canal 320
- 159. Blood Supply and Lymph Drainage of Rectum 322
- 160. The Pelvic Diaphragm 324
- 161. Relations of the Uterus, Tubes, and Ovary—Part I 326
- 162. Relations of the Uterus, Tubes, and Ovary—Part II 328

- 163. Blood Supply, Innervation, and Lymph Drainage of Female Genital System 330
- 164. Abdominal and Pelvic Autonomics 332
- 165. Pelvic Vessels; Perineal Vessels and Nerves 334
- 166. Scrotum and Testis 336
- 167. The Penis 338
- 168. The Male Perineum 340
- 169. The Female Perineum 342

**Unit Six. THE LOWER EXTREMITY**

- 170. Cutaneous Nerves and Dermatomes of the Lower Extremity 346
- 171. Superficial Veins of the Lower Extremity 348
- 172. Lymphatic Drainage of the Lower Extremity 350
- 173. Bone of the Hip 352
- 174. The Pelvic Girdle 354
- 175. Bone of the Thigh 356
- 176. Muscles of the Anterior Thigh 358
- 177. Fascia, Femoral Triangle, and Femoral Sheath 360
- 178. Muscles of the Medial Thigh 362
- 179. Femoral and Obturator Vessels and Nerves 364
- 180. Muscles of the Gluteal Region 366
- 181. Vessels and Nerves of the Gluteal Region 368
- 182. Muscles of the Posterior Thigh 370
- 183. Sacral Plexus and Derivatives 372
- 184. The Hip Joint 374
- 185. Bones of the Leg 376
- 186. Popliteal Region and Anastomosis Around the Knee 378
- 187. Knee Joint—Part I 380
- 188. Knee Joint—Part II 382
- 189. Knee Joint—Part III, Tibiofibular Articulation 384
- 190. Muscles of the Anterolateral Leg 386
- 191. Compartments, Deep Vessels, and Nerves of the Leg 388
- 192. Muscles of the Posterior Leg 390
- 193. Bones of Ankle and Foot 392
- 194. Flexor Retinaculum, Tendon Sheaths, and Vessels on Medial Side of Ankle 394
- 195. Muscles of Dorsum of Foot 396
- 196. Extensor and Peroneal Retinacula, Sheaths, and Arteries on Dorsum of Foot 398
- 197. Muscles of the Plantar Surface of the Foot 400
- 198. Plantar Aponeurosis, the Vessels and Nerves of the Sole of the Foot 402
- 199. Joints of the Ankle and Foot 404
- 200. Arches of the Foot 406
- 201. Muscle-Nerve Relationship: Functional 408

## **APPENDIXES**

- I.** Definitions of Anatomic Terms 413
  - II.** Essential Terms of Direction and Movement 415
  - III.** Classification of Joints 416
  - IV.** References 417
- Index 419
