Part I The Normal Thyroid

Section A *History, Ontogeny, and Anatomy*

- | | | | |
|---|--|----|------------------------------------|
| 1 | Historical Resumé | 3 | <i>Sidney C. Werner</i> |
| 2 | Normal Development of the Hypothalamic-Pituitary-Thyroid Axis: Ontogeny of the Neuroendocrine Unit | 7 | <i>C. Dominique Toran-Allerand</i> |
| 3 | Anatomy | 24 | |
| | Anatomy and Histochemistry | 24 | <i>Nicholas S. Halmi</i> |
| | Anatomy and Pathology of the Thyrotroph | 36 | <i>Calvin Ezrin</i> |
| | Comparative Anatomy and Physiology | 43 | <i>Aubrey Gorbman</i> |

Section B *Hormone Synthesis and Secretion*

- | | | | |
|---|--|----|---------------------------------------|
| 4 | Hormone Synthesis: Thyroid Iodine Metabolism | 53 | <i>Alvin Taurog</i> |
| 5 | Thyroglobulin: Chemistry and Biosynthesis | 98 | <i>Harold Edelhoch, Jacob Robbins</i> |

Section C *Peripheral Hormone Metabolism*

- | | | | |
|---|---|-----|---|
| 6 | Hormone Transport in Blood | 116 | |
| | Thyroid Hormone Transport Proteins: Their Nature, Biosynthesis, and Metabolism | 116 | <i>Jacob Robbins, Harold Edelhoch</i> |
| | Physiologic and Pathophysiologic Implications of Hormone Binding | 128 | <i>John T. Nicoloff</i> |
| 7 | Nature, Sources, and Relative Biologic Significance of Thyroid Circulating Hormones | 136 | <i>Inder J. Chopra</i> |
| 8 | Intracellular Pathways of Iodothyronine Metabolism | 154 | <i>Rolf-Dieter Hesch, Josef Koehrle</i> |

Section D *Thyroid Hormone Action*

- | | | | |
|----|--|-----|--------------------------------|
| 9 | Biologic and Cellular Effects | 201 | <i>George E. Shambaugh III</i> |
| 10 | Thyroid Hormone Action at the Cellular Level | 219 | <i>Kenneth Sterling</i> |

- 11 Thyroid Hormone Structure-Function Relationships 234 *Joseph E. Rall*
- Section E Factors That Control Thyroid Function**
- 12 Neuroendocrine Control of Thyrotropin Secretion 241 *Seymour Reichlin*
- 13 Thyrotropin 267
- Chemistry 267 *John G. Pierce*
- Biosynthesis of Thyrotropin 271 *James A. Magner, Bruce D. Weintraub*
- Mechanism of Action of Thyrotropin 288 *James B. Field*
- Thyrotropin: Assay and Secretory Physiology in Man 304 *Robert D. Utiger*
- 14 Other Regulatory Factors 319
- Autoregulation: Effects of Iodine 319 *Shigenobu Nagataki, Sidney H. Ingbar*
- Autonomic Nervous Control: Adrenergic, Cholinergic, and Peptidergic Regulation 331 *Arne Melander*
- 15 Extrinsic and Intrinsic Variables 339
- Antithyroid Compounds 339 *William L. Green*
- Effects of Certain Pharmacologic Agents on the Peripheral Metabolism of Thyroxine 351 *Albert G. Burger*
- Intrinsic Physiologic Variables 361 *Robert I. Gregerman*
- Nonthyroid Illness 381 *George C. Schussler*
- Environmental Effects 407 *Valerie Anne Galton*

Part II Laboratory Assessment of Thyroid Function

Section A Radioisotopes and Direct Tests of Thyroid Function

- 16 Radiation Physics 417 *Jonathan M. Links, Henry N. Wagner, Jr.*
- 17 Biologic Effects of Radiation on the Thyroid 432 *Israel Doniach, E. Dillwyn Williams*
- 18 Isotopic Tests 445
- Quantitative *In Vivo* Tests 445 *Ralph R. Cavalieri*
- Thyroid and Whole-Body Imaging 458 *N. David Charkes*

Section B Tests Related to Thyroid Hormones in Blood

- 19 Thyroid Hormone Concentrations 479 *P. Reed Larsen*

20	Tests of Thyroid Hormone Transport	502	Kenneth A. Woeber
Section C <i>Tests of the Hypothalamic–Thyrotropic Axis</i>			
21	Tests of Thyroregulatory Mechanisms	511	Robert D. Utiger
Section D <i>Miscellaneous Tests</i>			
22	Metabolic Indices	524	David V. Becker
23	Measurement and Clinical Significance of Thyroglobulin in Serum and Body Fluid	534	Andre J. Van Herle
24	Thyroid-Directed Antibodies	546	
	Antithyroid Antibodies	546	Nobuyuki Amino
	Assays of the Thyroid-Stimulating Antibodies (TSAb) of Graves' Disease	559	J. Maxwell McKenzie, Margita Zakarija
25	Ultrasonography and Computed Tomography of the Thyroid Gland	576	Manfred Blum
26	Diagnosis of Thyroid Nodules by Needle Biopsy	592	Joel I. Hamburger, J. Martin Miller, Sudha R. Kini

Part III Introduction to Thyroid Diseases

Section A *General Considerations Relative to Thyroid Disease*

27	Surgical Anatomy	607	Carl R. Feind
28	Physical Examination	618	Sidney C. Werner
29	The Epidemiology of Thyroid Diseases	625	W. Michael G. Tunbridge
30	Genetic Factors in Thyroid Disease	634	J. M. Friedman, Philip J. Fialkow
31	Pathology of Thyroid Diseases	651	James E. Oertel, Virginia A. LiVolsi

Section B *Pathogenesis of Major Thyroid Diseases*

32	Inherited Metabolic Disorders of the Thyroid System	687	John B. Stanbury
33	Simple and Nodular Sporadic Goiter	696	Hugo Studer, Franziska Gebel
34	Disorders of Iodine Deficiency	705	
	Endemic Goiter	705	André Marie Ermans
	Endemic Cretinism	722	François M. Delange

- | | | | |
|----|--|-----|----------------------------|
| 35 | Iodine-Induced Thyroid Disease | 735 | <i>Lewis E. Braverman</i> |
| 36 | Pathogenesis of Autoimmune Thyroid Disease | 747 | <i>Robert Volpé</i> |
| 37 | Thyroid Carcinoma | 768 | |
| | General Pathogenesis | 768 | <i>Josip Matovinovic</i> |
| | Radiation-Related Thyroid Cancer | 801 | <i>Arthur B. Schneider</i> |

Part IV Thyroid Diseases: Disorders That Cause Thyrotoxicosis

Section A *Thyrotoxicosis: Classification and Manifestations*

- | | | | |
|----|--|-----|--|
| 38 | Classification of the Causes of Thyrotoxicosis | 809 | <i>Sidney H. Ingbar</i> |
| 39 | Organ System Manifestations, I | 811 | |
| | The Skin | 811 | <i>Irwin M. Freedberg, Louis N. Vogel</i> |
| | Connective Tissue | 816 | <i>Leonard D. Kohn</i> |
| | The Respiratory System | 839 | <i>David H. Ingbar</i> |
| | The Cardiovascular System | 853 | <i>C. Lynn Skelton, Edmund H. Sonnenblick</i> |
| | The Kidneys and Electrolyte Metabolism | 864 | <i>Charles R. Kleeman, Gabriel M. Danovitch</i> |
| | The Gastrointestinal Tract and Liver | 871 | <i>Joseph H. Sellin, Rena Vassilopoulou-Sellin, Roger Lester</i> |
| | The Blood | 878 | <i>Victor Herbert</i> |
| | The Neuromuscular System and Brain | 885 | <i>Raymond D. Adams, G. Robert DeLong</i> |
| 40 | Organ System Manifestations, II | 895 | |
| | The Pituitary | 895 | <i>George Tolis</i> |
| | The Adrenal Cortex | 898 | <i>Nicholas P. Christy</i> |
| | Catecholamines and the Sympathoadrenal System | 910 | <i>Lewis Landsberg, James B. Young</i> |
| | The Male and Female Reproductive Systems | 920 | <i>Christopher Longcope</i> |
| | The Skeletal System | 930 | <i>Steven R. Goldring, Stephen M. Krane</i> |
| | Metabolic Changes | 949 | <i>John N. Loeb</i> |
| | Vitamin Metabolism | 957 | <i>Richard S. Rivlin</i> |
| | Behavioral and Psychiatric Aspects | 967 | <i>Peter C. Whybrow</i> |
| 41 | Thyrotoxic Storm | 974 | <i>Leonard Wartofsky</i> |

Section B *Graves' Disease*

- | | | | |
|----|------------------------|-----|--------------------------|
| 42 | General Considerations | 982 | <i>Kenneth A. Woeber</i> |
|----|------------------------|-----|--------------------------|

- 43 Treatment of Graves' Hyperthyroidism 987 *David H. Solomon*
- 44 Special Aspects of Graves' Disease 1015
 Extrathyroid Manifestations of Graves' Disease 1015 *Colum A. Gorman*
 Latent Graves' Disease 1038 *Inder J. Chopra, David H. Solomon*
 Hyperthyroidism in Pregnancy 1043 *Dorothy R. Hollingsworth*
- Section C Other Disorders That Cause Thyrotoxicosis**
- 45 TSH-Induced Hyperthyroidism 1064 *Ione A. Kourides*
- 46 Toxic Multinodular Goiter 1072 *Hugo Studer, Franziska Gebel*
- 47 The Autonomously Functioning Thyroid Nodule 1077 *William M. McConahey*
- 48 Trophoblastic Tumors 1085
 Hyperthyroidism Caused by Trophoblastic Tumors 1085 *Jerome M. Hershman*
 Human Chorionic Gonadotropin: A Negligible Human Thyroid Stimulator 1088 *Syed M. Amir*
- 49 Thyrotoxicosis Without Hyperthyroidism 1098
 Silent Thyroiditis 1098 *Thomas F. Nikolai*
 Subacute Thyroiditis 1106 *Robert Volpé*
 Thyrotoxicosis of Extrathyroid Origin 1120 *Monte A. Greer*

Part V Thyroid Diseases: Disorders That Cause Hypothyroidism

Section A Hypothyroidism: Manifestations

- 50 Organ System Manifestations, I 1125
 The Skin 1125 *Irwin M. Freedberg, Louis N. Vogel*
 Connective Tissue 1128 *Leonard D. Kohn*
 The Respiratory System 1130 *David H. Ingbar*
 The Cardiovascular System 1140 *C. Lynn Skelton, Edmund H. Sonnenblick*
 The Kidneys and Electrolyte Metabolism 1148 *Charles R. Kleeman, Gabriel M. Danovitch*
 The Gastrointestinal Tract and Liver 1156 *Joseph H. Sellin, Rena Vassilopoulou-Sellin, Roger Lester*
 The Blood 1162 *Victor Herbert*
 The Neuromuscular System and Brain 1168 *Raymond D. Adams, G. Robert DeLong*

- 51 Organ System Manifestations, II 1181
- The Pituitary 1181 *George Tolis, Sam Lerman*
 - The Adrenal Cortex 1187 *Nicholas P. Christy*
 - Catecholamines and the Sympathoadrenal System 1192 *Lewis Landsberg, James B. Young*
 - The Male and Female Reproductive Systems 1194 *Christopher Longcope*
 - The Skeletal System 1199 *Stephen M. Krane, Steven R. Goldring*
 - Metabolic Changes 1208 *John N. Loeb*
 - Vitamin Metabolism 1215 *Richard S. Rivlin*
 - Behavioral and Psychiatric Aspects 1221 *Peter C. Whybrow*
- 52 Myxedema Coma 1227 *Leonard Wartofsky*
- Section B** *Some Diseases That Cause Hypothyroidism*
- 53 Central Hypothyroidism 1235 *Aldo Pinchera, Enio Martino, Giovanni Faglia*
- 54 Primary Hypothyroidism 1255 *R. Hoffenberg*
- 55 Autoimmune Thyroiditis 1266 *Robert Volpé*
- 56 Thyroid Hormone Resistance Syndromes 1292 *Samuel Refetoff*

Part VI Thyroid Diseases: Diffuse and Nodular Nontoxic Goiter

- 57 Sporadic Goiter 1311 *Hugo Studer, Franziska Gebel*

Part VII Thyroid Diseases: Tumors

- 58 Carcinoma of Follicular Epithelium 1319
- Natural History of Thyroid Cancer 1319 *William H. Beierwaltes*
 - Treatment of Carcinoma of Follicular Epithelium 1329 *Ernest L. Mazzaferri*
- 59 Medullary Carcinoma of the Thyroid 1349 *Kenneth E. W. Melvin*
- 60 Miscellaneous Tumors of the Thyroid 1363 *Paul G. Walfish*
- 61 Clinical Evaluation of Solitary Thyroid Nodules 1377 *E. Chester Ridgway*

Part VIII The Thyroid in Infancy and Childhood

- | | | |
|----|--|--|
| 62 | Thyroid Physiology in the Perinatal Period and
During Childhood 1387 | <i>Delbert A. Fisher</i> |
| 63 | Hypothyroidism in Infants and Children 1396 | |
| | Neonatal Screening 1396 | <i>Jean H. Dussault</i> |
| | Congenital Hypothyroidism 1399 | <i>Jean H. Dussault</i> |
| | Acquired Juvenile Hypothyroidism 1404 | <i>Delbert A. Fisher</i> |
| 64 | Graves' Disease in Childhood 1412 | <i>Alvin B. Hayles, Donald Zimmerman</i> |

Part IX Special Topics in Thyroidology

- | | | |
|----|---|--|
| 65 | Triiodothyronine Thyrotoxicosis 1429 | <i>Geraldo A. Medeiros-Neto</i> |
| 66 | Subclinical Hypothyroidism 1439 | <i>David Evered</i> |
| 67 | Assessment of Thyroid Function in Patients
Receiving Replacement Therapy 1445 | <i>John T. Nicoloff</i> |
| 68 | Thyroid Disease and Breast Cancer 1453 | <i>Piero Mustacchi, Francis S. Greenspan</i> |
| 69 | The Thyroid and Obesity 1458 | <i>Charles M. Alexander, George A. Bray</i> |
| 70 | Extrapituitary Effects of Thyrotropin Releasing
Hormone 1472 | <i>Charles H. Emerson</i> |
| | Index 1491 | |
