PREFACE . . . . .	vii
NOMENCLATURE FOR CARDIAC DIAGNOSIS . . . . .	
Etiological . . . . .	3
Anatomical . . . . .	4
Physiological . . . . .	5
Functional Capacity . . . . .	8
Therapeutic Classification . . . . .	9
Potential Heart Disease . . . . .	10
Possible Heart Disease . . . . .	10
CRITERIA FOR DIAGNOSIS . . . . .	
Etiological . . . . .	17
Anatomical . . . . .	27
Physiological . . . . .	62
Functional Capacity . . . . .	71
Therapeutic Classification . . . . .	74
Potential Heart Disease . . . . .	75
Possible Heart Disease . . . . .	75
Guide to Radiological Diagnosis . . . . .	76
Nomenclature . . . . .	76
Technique . . . . .	77
Criteria . . . . .	78
Interpretation of Electrocardiograms . . . . .	115
Key for Standard Leads . . . . .	115
Criteria for Interpretation of Standard Leads . . . . .	118
Precordial Leads . . . . .	143

## TABLE OF CONTENTS

	PAGE
APPENDIX . . . . .	150
OUTLINE FOR PATHOLOGICAL DIAGNOSIS OF CARDIOVASCULAR DISEASES AND ANOMALIES . . . . .	150
Foreword . . . . .	151
Preface . . . . .	153
Chapter I: Diseases of the Pericardium . . . . .	157
Chapter II: Diseases of the Myocardium . . . . .	160
Chapter III: Diseases of the Endocardium and Valves . . . . .	179
Chapter IV: Rheumatic Heart Disease . . . . .	196
Chapter V: Diseases of the Aorta and Pulmonary Artery . . . . .	217
Chapter VI: Syphilitic Heart Disease . . . . .	230
Chapter VII: Diseases of the Coronary Arteries . . . . .	237
Chapter VIII: Congenital Anomalies of the Heart and Central Vessels . . . . .	247
Chapter IX. The Conduction System . . . . .	255
INDEX . . . . .	261
