Introduction	XV

SECTION I.—FEVERS

Subsection A.—Fevers caused by Blood Protozoa

CHAP. 1. MALARIA	1
„ 2. MALARIA (<i>continued</i>) AND BLACKWATER FEVER	41
„ 3. HUMAN TRY PANOSOMIASIS	106
„ 4. LEISHMANIASIS	142

Subsection B.—Fevers caused by Blood Spirochætes and Spirilla

CHAP. 5. RELAPSING FEVER	178
„ 6. LEPTOSPIROSIS	196
„ 7. RAT-BITE FEVER	206

Subsection C.—Fevers caused by Bartonella and Rickettsia bodies

CHAP. 8. BARTONELLOSIS (OROYA FEVER AND VERRUGA PERUANA)	210
„ 9. THE TYPHUS GROUP OF FEVERS	217

Subsection D.—Fevers caused by Bacteria

CHAP. 10. PLAGUE	240
„ 11. TULARÆMIA	265
„ 12. MELIOIDOSIS	269
„ 13. THE UNDULANT FEVERS (BRUCELLOSIS)	271
„ 14. ENTERIC FEVERS	292

Subsection E.—Diseases caused by Filterable Viruses

PAGE

PRELIMINARY STATEMENT	310
CHAP. 15. YELLOW FEVER	316
„ 16. RIFT VALLEY FEVER	338
„ 17. PSITTACOSIS	342
„ 18. RABIES	347
„ 19. DENGUE	360
„ 20. PHLEBOTOMUS FEVER	367
„ 21. THE POCK DISEASES	371

Subsection F.—Fevers due to Atmospheric Causes

CHAP. 22. HEAT-STROKE AND SUN-STROKE	377
--	-----

**SECTION II.—VITAMIN DEFICIENCY DISEASES
(AVITAMINOSES)**

PRELIMINARY STATEMENT	387
CHAP. 23. BERIBERI	393
„ 24. EPIDEMIC DROPSY	415
„ 25. CENTRAL NEURITIS	418
„ 26. PELLAGRA	420
„ 27. SCURVY IN THE TROPICS	433

SECTION III.—ABDOMINAL DISEASES

CHAP. 28. CHOLERA	437
„ 29. THE DYSENTERIES AND LIVER ABSCESS	456
„ 30. SPRUE AND HILL DIARRHŒA	526
„ 31. SPECIAL AFFECTIONS OF THE LIVER	550

**SECTION IV.—INFECTIVE GRANULOMATOUS
DISEASES**

CHAP. 32. LEPROSY	554
„ 33. YAWS (FRAMBESIA)	574
„ 34. MYCETOMA AND BLASTOMYCOSIS	594

SECTION V.—DISEASES OF THE CENTRAL NERVOUS SYSTEM

CHAP. 35.	NEURASTHENIA IN THE TROPICS	604
„ 36.	LĀTAH AND RUNNING AMOK	609

SECTION VI.—TROPICAL VENEREAL DISEASES

CHAP. 37.	CLIMATIC BUBO	611
„ 38.	ULCERATING GRANULOMA OF THE PUDENDA	618

SECTION VII.—TROPICAL SKIN DISEASES

CHAP. 39.	NON-SPECIFIC, BACTERIAL AND FUNGOUS SKIN DISEASES	624
-----------	--	-----

SECTION VIII.—LOCAL DISEASES

CHAP. 40.	TROPICAL PYOMYOSITIS—RHINOSPORIDIOSIS—AIN- HUM—BIG HEEL—ONYALAI—CHIUFA	652
-----------	---	-----

SECTION IX.—ANIMAL PARASITES AND ASSOCIATED DISEASES

CHAP. 41.	PARASITES OF THE CIRCULATORY SYSTEM: BILHAR- ZIASIS (SCHISTOSOMIASIS)	659
„ 42.	PARASITES OF THE LYMPHATIC SYSTEM AND CON- NECTIVE TISSUES: FILARIASIS	686
„ 43.	PARASITES OF THE LUNG AND LIVER	737
„ 44.	INTESTINAL PARASITES	748

SECTION X.—DISEASES DUE TO POISONS, INCLUDING SNAKE-BITE, AND INFECTION WITH DIPTEROUS FLIES AND LEECHES

CHAP. 45.	VEGETABLE POISONS	766
„ 46.	ANIMAL POISONS	772
„ 47.	MYIASIS AND LEECH INFECTION	783

SECTION XI.—TECHNIQUE

CHAP. 48.	TECHNIQUE OF INJECTIONS IN THE TREATMENT OF TROPICAL DISEASES	790
-----------	--	-----

APPENDIX

Section A.—Medical Zoology

PAGE

1. MEDICAL PROTOZOOLOGY	796
INTESTINAL AMŒBÆ	796
INTESTINAL FLAGELLATES	808
INTESTINAL COCCIDIA	806
BALANTIDIUM	810
PROTOZOA OF THE BLOOD	810
THE SPIROCHÆTES	821
2. MEDICAL HELMINTHOLOGY	824
TREMATODES OR FLUKES	824
THE BILHARZIA GROUP	832
CESTODES OR TAPEWORMS	848
NEMATODES OR ROUNDWORMS	860
3. MEDICAL ENTOMOLOGY	897
ARACHNIDA (MITES AND TICKS)	897
THE LINGUATULIDÆ	908
INSECTA	906

Section B.—Laboratory Methods

1. CLEANING SLIDES	942
2. METHODS OF PREPARATION OF BLOOD-FILMS	942
3. STAINING OF BLOOD-FILMS FOR PROTOZOA AND FOR THE DIFFERENTIAL COUNT OF CELLS	944
4. VARIETIES OF BLOOD-CELLS AND THEIR SIGNIFICANCE	946
5. ENUMERATION OF BLOOD-CELLS AND ESTIMATION OF HÆMOGLOBIN	948
6. PREPARATION OF SPECIAL CULTURE MEDIA	949
7. CULTIVATION OF ORGANISMS FROM THE BLOOD : EXAMINATION OF CEREBRO-SPINAL FLUID	951
8. RAPID METHOD OF AGGLUTINATION	952
9. CHEMICAL AND MICROSCOPICAL EXAMINATION OF FÆCES	955
10. SPECTROSCOPIC EXAMINATION OF URINE AND OTHER FLUIDS	963
11. DETECTION OF SPIROCHÆTES BY DARK-GROUND ILLUMINATION AND STAINING METHODS	963
12. METHODS OF PRESERVING HELMINTHS AND THEIR EGGS	966
13. SCALES AND STANDARDS	966
