

CONTENTS

CHAPTER 1

SECTIONAL RADIOGRAPHIC ANATOMY.....

Sagittal Section Through the Midportion of the Maxillary Sinus and Orbit	1
Sagittal Section Through the Lateral Wall of the Nose, Lateral Border of the Tongue, and Lamina of the Thyroid Cartilage Showing Its Superior and Inferior Cornua	2
Sagittal Section Through the Floor of the Nose and the Body of the Tongue	4
Sagittal Section Through the Middle of the Skull	6
Frontal Coronal Section in the Region of the Second Molar Teeth	8
Frontal Coronal Section Just Beyond the Third Molar Teeth	10
Frontal Coronal Section in the Region of the Anterior Faucial Pillar and Tonsil..	12
Magnetic Resonance Imaging	14
Three-Dimensional Reconstructed CT Scans of the Head	16
	23

CHAPTER 2

EMERGENCY PROCEDURES

Air Embolism.....	31
Malignant Hyperthermia.....	31
Blindness	31
Cardiopulmonary Resuscitation (CPR)....	32
Open Cardiac Massage Resuscitation.....	34
Thoracentesis	36
Insertion of Intercostal Catheter.....	36
Open Thoracotomy for Empyema Drainage	40
Intercostal Catheter Suction Drainage with Underwater Seals	42
Cricothyroidotomy	44
Management of Acute Respiratory Emergencies	46

CHAPTER 3

BASIC TECHNIQUES.....

Needle Biopsy Techniques.....	48
Large Needle Aspiration Biopsy	50
Z-Plasty	52
Tissue Expansion	64
Rhombic Flap	66
Excision of Dog-Ears.....	68
Bone, Cartilage, and Nerve Grafts	69
Iliac Bone Graft—"Trap Door Type"	72
Skin Incision.....	75
Nylon Sutures for Mucosal Repair.....	75
Pre- and Postoperative Care	76
Common Departures from Sound Management	86
Chemotherapy of Head and Neck Cancer.....	90
Voice, Speech, and Swallowing Rehabilitation of the Head and Neck Patient	94

CHAPTER 4

DIAGNOSTIC ENDOSCOPY.....

Peroral Endoscopy of the Head and Neck.....	102
Direct Rigid Laryngoscopy and Hypopharyngoscopy	104
Rigid Bronchoscopy	110
Flexible Bronchoscopy	114
Tracheal Lengths	114
Esophagoscopy	116
Microscopic Endolaryngoscopy	120
Telescopic Endolaryngeal Surgery.....	124
Nasopharyngoscopy	126
Rigid and Flexible Direct Optical Nasopharyngoscopy and Rhinoscopy ...	130

CHAPTER 5

THE SINUSES AND MAXILLA	134
Intranasal Antrostomy	134
Caldwell-Luc Antrotomy	136
Intranasal Ethmoid Surgery for Benign Disease	140
External Ethmoidectomy	143
Sphenoid Sinusotomy	146
Frontal Sinusotomy	150
External Frontoethmoidectomy	152
Osteoplastic Approach to the Frontal Sinus	154
Partial and Radical Maxillectomy	157
Radical Resection of Maxilla with Orbital and Partial Ethmoid Exenteration	158
Resection of Maxilla Including the Floor of Orbit with Preservation of the Globe	164
Limited Resection of the Maxilla	166
Cysts of Maxilla	168
Excision of Nasoalveolar Cyst	170
Closure of Oroantral Fistula	174

CHAPTER 6

THE NOSE AND THE NASOPHARYNX	180
Anatomy of the Lateral Wall of the Right Nasal Cavity	180
Anatomy of Epistaxis	182
Anterior and Posterior Packing for Epistaxis	184
Ligation of Ethmoidal Arteries	187
External Ethmoidectomy Approach to Epistaxis	191
Septal Dermoplasty	192
Ligation of (Internal) Maxillary Artery	194
Removal of Nasal and Nasopharyngeal Polyps	198
Transpalatine Exposure of the Nasopharynx	200
Transmaxillary Approach to Nasopharynx and Base of the Skull	206
Posterior Choanal Atresia	208
Submucous Resection of Nasal Septum	212
Septoplasty Type I	216
Rhinoplasty	226
Correction of Broad Nasal Tip	236

Augmentation of Dorsum of Nose	236
Additional Nasal Tip Procedures	238
Columellar Graft for Collapsed Nasal Tip	240
Septal Flap for External Nasal Defect	246
Nasolabial Flap	248
Resection of Tumor of Tip of Nose	250
Full-Thickness Graft to Nose	254
Composite Graft from Ear to Nose	256
Reconstruction of Nose with Arm Flap	258
Nasal Reconstruction with Lateral Forehead Flap	260
Nasal Turn-in Flaps	264
Resection of Nasal Septum for Carcinoma (Lateral Rhinotomy Approach)	268
Total Resection of Nose for Carcinoma	270

CHAPTER 7

THE FACE	282
Anatomy of Facial and Scalp Muscles	282
Basic Technique for Facial Excisions	284
Dermabrasion	286
Excision of Tumors of Skin of Forehead	288
Excisions for Carcinoma of Skin of Temple	290
Rotation Flaps	292
Excision of Tumors of Cheek by Cheek Flap Rotation	294
Facial Paralysis	296
Hypoglossal-Facial Nerve Anastomosis	297
Masseter Muscle Transposition— Intraoral	298
Fascial Slings for Facial Paralysis	300
Treatment of Paralysis of the Depressors of the Lower Lip	302
Trigeminal Neuralgia	304
Incision and Drainage of Abscesses	306

CHAPTER 8

GENERAL PURPOSE FLAPS	311
Introduction: Flap Selection and Design	311
Blood Supply to Skin Flaps	314
Pectoralis Major Myocutaneous Flap	316
Applications of the Pectoralis Major Flap	336

Deltpectoral Flap	344
Applications of Deltpectoral Flap	354
Laterally Based Chest Flap	358
Mutter (1842) Nape of Neck Flap	360
Posterior Scapula Flap	362
Forehead Flap (Temporal Flap).....	364
Reconstruction of Cheek with Forehead Flap	366
Midline Forehead Flap	370
Fat Flip Flap	372

CHAPTER 9

THE LIPS	376
Lip Excision and Reconstruction	376
Shield Excision of Lower Lip	376
Cupid's Bow	378
Elliptical Excision of Benign Lip Lesion	378
Distortion of Mouth Corrected by Z-Plasty	378
Excision of Large Benign Lesions of Upper Lip with Nasolabial Flap...	378
Repair of Large Vermilion Defects	380
Abbé-Estlander Lip Operation	382
Correction of Rounded Commissure of Lips	386
Plication of the Orbicularis Oris Muscle to Repair Partial Paralysis of the Lower Lip.....	387
Reconstruction of Large Defects of Upper Lip.....	390
Reconstruction of Upper Lip with Cheek Flap.....	390
Fan Flap Reconstruction for Large Defects of Upper Lip.....	392
Excision and Repair of Large Lesions of Upper Lip.....	394
Repair of Large Defects of Upper Lip....	396
Bitemporal ("Visor") Flap for Large Upper Lip and Cheek Defects	398
Resection of Lower Lip with Bernard Reconstruction	400
Reconstruction of the Lower Lip	402

CHAPTER 10

CLEFT LIP AND PALATE	409
Cleft Lip Repair	409
Triangular Flap Cleft Lip Repair: Tennison-Randall Technique	414

Rectangular or Quadrilateral Flap Cleft Lip Repair.....	416
Rotation Advancement Cleft Lip Repair .	420
Bilateral Cleft Lip Repair	424
Repair of Complete Bilateral Cleft Lip (Straight-line Closure)	426
Repair of Incomplete Bilateral Cleft Lip (Rotation-Advancement Technique)....	428
Correction of Nasal Deformity in Cleft Lip	430
Cleft Palate	434
Repair of Complete Cleft of Secondary Palate.....	434
Repair of Incomplete Cleft of Secondary Palate.....	438
Repair of Complete Unilateral Cleft Palate.....	440
Pharyngeal Flap in Cleft Palate Repair...	442
Velopharyngeal Incompetence (VPI).....	444

CHAPTER 11

PERIORBITAL REGION	448
Anatomy	448
Repair of Lids and Conjunctiva.....	450
Reconstruction of Lids	452
Reconstruction of Lower Lid	452
Resection of Large Basal Cell Carcinoma of Lower Lid with Reconstruction Using Lateral Cheek Flap.....	458
Reconstruction of Upper Lid	460
Bridge Flap Repair of Large Upper Lid Defects, Cutler-Beard Technique.....	466
Resection of Large Basal Cell Carcinoma Involving Both Lids and Nose	468
Excision of Superficial Basal Carcinoma in Region of Lateral Canthus of Lower Lid	470
Excision of Benign Lesion of Upper Lid	472
Reconstruction of Superficial Horizontal Defect of Portion of Lower Lid	472
Eyelash Reconstruction	474
Eyebrow Reconstruction	474
Excision of Lesions at the Medial Canthus	476
Medial Canthoplasty and Repair of Related Injuries.....	478

Dacryocystorhinostomy	482	"Tent Peg" Method of Reduction and Fixation of Facial Bone Fractures	530
Correction of Scar Contracture of the Lids and Ectropion	484	Open Reduction of Complete Fracture of Upper Dental Arch of Maxilla (Le Fort I or Guérin).....	532
Tarsorrhaphy	486	Internal Fixation of Fracture Through Middle Third of Maxilla (Le Fort II or Pyramidal Fracture).....	534
Graft for Defect of Infraorbital Rim	488	Open Reduction of Fractures Through Glabella, Orbit, and Zygomatic Arch (Le Fort III or Craniofacial Disjunction).....	536
Decompression of the Orbit for Exophthalmos	490	Internal Fixation of Fractured Hard Palate.....	538
Resection of Benign Tumor of Lacrimal Gland.....	492	Fractures Involving the Frontal Sinus....	539
Resection of Adenoid Cystic Carcinoma of the Lacrimal Gland	494	Fractures of Floor of Orbit.....	540
CHAPTER 12		External Traction for Depressed Facial Fracture.....	546
THE EAR		Compression Plating for Treatment of Mandibular Fractures.....	548
Otoplasty	496	CHAPTER 14	
Surgical Treatment of Hematoma of the Auricle—"Cauliflower Ear".....	504	CYSTS AND TUMORS INVOLVING THE MANDIBLE	
Z-Plasty for Stenosis of External Auditory Canal.....	506	Excision of Cysts of the Mandible.....	562
Excision of Small Malignant Tumor of Cartilaginous Portion of External Auditory Canal.....	508	Marginal Segmental Resection of Mandible.....	566
Excision of Malignant Tumors of the Auricle	510	Resection of Large Benign Tumors of Mandible.....	568
Excision of Hemangioma of Face Involving Lobule of Ear	510	Mandibular Reconstruction	571
En Bloc Resection of External Auditory Bony Canal.....	512	Reconstruction of Mandible Using Autogenous Bone Grafts for Benign Tumors	576
CHAPTER 13		Resection and Second-Stage Reconstruction of Anterior Portion of Mandible Using Iliac Bone Graft.....	577
FRACTURES OF FACIAL BONES		Resection and Reconstruction of Major Portion of Body of Mandible with Bent Kirschner Wire and Tie Wires and Forehead Flap	580
Basic Principles.....	514	Resection of Hemimandible, Lateral Oropharyngeal Wall, and Portion of Soft Palate and Hemiglossectomy with Reconstruction Using a Forehead Flap	584
Reduction of Fractured Nose	515	Marginal Resection of Mandible, Partial Glossectomy, and Radical Neck Dissection for Carcinoma of the Floor of the Mouth.....	586
Fractures of Mandible.....	518		
Fracture of Condylar Process	518		
Open Reduction of Fractured Mandible Using a Plate.....	520		
Open Reduction of Depressed Fracture of Zygomatic Arch With or Without Fracture of Body of Zygoma (Gillies' Technique).....	522		
Open Reduction of Depressed Fracture of Zygoma and Portion of Maxilla	524		
Early Reduction of Depressed Comminuted Fracture of Anterior Wall of Maxilla.....	526		
Intraosseous Wiring for Facial Fractures.	528		

Combined Radical Neck Dissection, Hemiglossectomy, and Hemimandibulectomy	594
---	-----

CHAPTER 15

THE ORAL CAVITY AND OROPHARYNX

Tonsillectomy and Adenoidectomy	602
Excision of Leukoplakia and/or Erythroplakia of Tongue and Buccal Mucous Membrane	606
Excision of Carcinoma in Situ or Small Limited Carcinoma of Tongue.....	608
Excision of Small Midline Cancer of anterior Third of Tongue	610
Resection of Hemangioma and Neurofibroma of Tongue.....	612
Median Labiomandibular Glossectomy (Trotter Approach to Base of Tongue, Pharynx and Base of Skull)	614
Excision of Ranula.....	618
Resection of Stage T1 Carcinoma of the Midline of the Floor of the Mouth.....	620
Inlay Graft to Floor of Mouth for Carcinoma.....	622
Resection for Carcinoma of Tonsil, Soft Palate, or Base of Tongue by Mandibular Section and Reconstruction	626
Resection of Lesions of the Buccal Wall..	630
Resection of Base of Tongue	631
Excision of Lesions of Soft and Hard Palate.....	632
Excisions of Lesions of Soft and Hard Palate.....	635
Resection of Carcinoma of Soft Palate	636
Salivary Duct Calculi.....	638
Reconstruction and Reimplantation of Stensen Duct in the Buccal Wall	638
Repair of Laceration of the Stensen Duct (Parotid).....	638
Pierre Robin Syndrome	640

CHAPTER 16

THE NECK

Cervical Lymph Nodes.....	645
Radical Neck Dissection	650

Modifications of Radical Neck Dissections	659
Incision Modifications of Radical Neck Dissection	662
Resection of Lower Margin of Mandible Combined with Radical Neck Dissection	666
Posterior Neck Dissection	670
Excision of Thyroglossal Cyst and Sinus..	674
Resection of Submandibular Salivary Gland for Benign Disease	678
Phrenic Nerve Crush	682
Scalene and Infraclavicular Internal Jugular Node Biopsy.....	682
Muscle Lengthening for Torticollis.....	684
Branchial Cleft Cysts.....	686
Excision of Branchial Fistula and Sinus Tract.....	692
Excision of Cystic Hygroma (Lymphangioma)	694
Excision of Benign Lesions of the Submental Space.....	696
Resection of Ganglioneuroma of the Neck and Superior Mediastinum.....	698
Excision of Neuroma	700
Incision and Drainage of Abscesses of Neck.....	702

CHAPTER 17

THE PAROTID SALIVARY GLAND

Total Lateral Lobectomy of Parotid Salivary Gland	708
Deep Lobectomy of Parotid Salivary Gland.....	712
Transection of Mandible and Deep Lobectomy of Parotid Salivary Gland ..	714
Free Facial Nerve Graft	716
Gustatory Sweating (Frey Syndrome)	716
Excision of the Recurrent Benign Tumor of the Parotid Gland.....	718
Parotid Extension of Radical Neck Dissection	720
Parotitis.....	722

CHAPTER 18

ENDOCRINE SURGERY

The Thyroid Gland.....	726
Introduction	726

Diagnostic Evaluation	726	Closure of Cutaneous Tracheal Fistula ...	828
Anatomic Considerations	728	Closure of Cervical Tracheoesophageal	
Basic Surgical Technique	734	Fistula	832
Definition of Terms	734	Mediastinum Anatomy	832
Evaluation of Laryngeal Nerve		Mediastinoscopy	834
Function	735	Mediastinal Dissection	836
Management of Thyroid Cancer	736	Exposure of Mediastinum by Resection	
Management of Well-Differentiated		of the Medial Third of the Clavicle ...	837
Thyroid Cancer	743	Median Sternotomy, Total	
Medullary Carcinoma of the Thyroid		Thyroidectomy, with Superior	
(MCT)	746	Mediastinal Node and Radical Neck	
Anaplastic Carcinoma	750	Dissection	842
Squamous Cell Carcinoma	751	Mediastinal Dissection for Tracheostoma	
Substernal Goiter (Median		Recurrence (Sisson Procedure)	852
Sternotomy with Total Thyroidectomy		Transcervical Total Thymectomy	858
with Superior Mediastinal Node and			
Radical Neck Dissection)	752		
Graves Disease	754		
Total Thyroid Lobectomy	756		
Subtotal Thyroid Lobectomy	764		
Modified Radical Neck Dissection with			
Preservation of the			
Sternocleidomastoid Muscle and the			
Spinal Accessory Nerve	768		
Total Thyroidectomy with or without			
Radical Neck Dissection	772		
Autonomous Thyroid Nodule	778		
Endemic Goiter	778		
Hashimoto Thyroiditis (1912)—Struma			
Lymphomatosa—"Gulf State Goiter" ..	779		
Lingual Thyroid	780		
Complications of Thyroid Surgery	782		
Surgery of Parathyroid Glands	784		
Blood Supply of the Parathyroid			
Glands	784		
Hyperparathyroidism	788		
Excision of Parathyroid Adenomas ...	796		
Excision of Mediastinal Parathyroid			
Adenomas and Cystadenomas	798		
Complications	800		

CHAPTER 19

THE TRACHEA AND MEDIASTINUM

Tracheostomy	811
Cervical Mediastinotomy and	
Tracheomediastinotomy	818
Tracheal Resection	820
Operative Technique for Tracheal	
Resection and Direct Anastomosis	824

CHAPTER 20

THE LARYNX

Indirect Mirror Laryngoscopy	865
Punch Biopsy of Lesions of Larynx and	
Hypopharynx	869
Stripping (De-epithelialization) of a	
Vocal Cord	870
Endoscopic Removal of Congenital Cyst	
of Ventricle in Newborn (Internal	
Laryngocele)	872
Carbon Dioxide Laser Surgery	874
Endoscopic Intracordal Injection of	
Teflon Paste	876
Laryngofissure	876
Lateralization of Arytenoid Cartilage	
(Arytenoidopexy) for Bilateral Abductor	
Vocal Cord Paralysis	882
Cancer of the Larynx	886
Partial Laryngectomy	894
Corpectomy for Small Carcinoma of True	
Vocal Cord	898
Vertical or Frontolateral Laryngectomy ..	900
Omohyoid Muscle Laryngoplasty	908
Strap Muscle Laryngoplasty	910
Horizontal or Supraglottic	
Laryngectomy	912
Laryngeal Suspension	920
Total Laryngectomy	922
Tracheostomal Problems	930
Technique of Construction of Large	
Tracheal Stoma	930
Correction of Tracheal Stomal Stenosis ...	930

Total Laryngectomy and Radical Neck Dissection	932
Tongue Flap (Myomucosal) for Reconstruction of Portion of Hypopharynx Associated with Total Laryngectomy	938
Voice Prosthesis: Post-Total Laryngectomy	940
Resection of External Laryngocele	950
Laryngeal Trauma	954
Correction of Laryngeal Web	962
Aspiration	966
Carbon Dioxide Laser	966

CHAPTER 21

THE HYPOPHARYNX AND THE ESOPHAGUS

Repair of Pharyngoesophageal Diverticulum	974
Cricopharyngeal Myotomy	978
Transhyoid Pharyngotomy	980
Resection of Carcinoma at Posterior Wall of Hypo- and Oropharynx and Radical Neck Dissection (Lateral Pharyngotomy Approach)	982
Introduction to Reconstruction of Pharynx and Esophagus	986
Myomucosal Tongue Flap and Dermal Graft for Reconstruction of Entire Hypopharynx, Posterior Wall of Oropharynx, and Nasopharynx Associated with Total Laryngectomy and Total Hypopharyngectomy	988
Reconstruction Following Partial "Cuff" Cervical Esophagectomy, Hypopharyngectomy, and Total Laryngectomy Above The Thoracic Inlet Using Local Cervical Flaps	992
Resection for Cancer of the Cervical Esophagus	998
Gastric Pull-up	999
Resection of Cancer of Cervical Esophagus at the Thoracic Inlet	1006
Cervical Esophagocolostomy	1014
Reconstruction of Esophagus Utilizing Transverse and Descending Colon	1018
Janeway Gastrostomy	1026

CHAPTER 22

VASCULAR PROCEDURES	1032
Vascular Surgery in Operations of Neck, Extracranial Portions of Head, Face, and Thoracic Outlet	1032
Degenerative Vascular Disease	1040
Extracranial Cerebral Vascular Disease	1042
Exposure of Bifurcation of Carotid Arteries and Endarterectomy	1044
Endarterectomy with Patch Graft ...	1048
Intraluminal Shunts Used in Endarterectomy	1050
Complications of Carotid Artery Surgery	1052
Straight Vinyl Tubing Shunt	1053
Controversies of Carotid Artery Surgery	1054
Exposure of Cervical Portion of Subclavian Arteries and Proximal Portion of Vertebral Arteries	1056
Vertebral Artery Reconstruction	1058
Subclavian Steal Syndrome	1058
Surgical Treatment of Occlusion of Vertebral Arteries	1059
Exposure of Distal Common Carotid Artery and Placement of By-Pass Graft	1060
Surgical Treatment of Occlusion of Common Carotid and Subclavian Arteries and Subclavian Steal ...	1062
Exposure of Innominate Artery and Proximal Portion of Right Subclavian and Common Carotid Arteries via Sternal-Splitting Incision	1066
By-Pass Graft for Obstruction of Innominate Artery	1068
Resection of Kinked Obstruction in Internal Carotid Artery	1070
Alternate Method to Correct Kinked Internal Carotid Artery	1072
Fibromuscular Dysplasia	1073
Vasculitis	1073
Radiation Arteritis	1073
Spontaneous Carotid Artery Intimal Dissection	1073
Neoplastic Disease	1074
Metastatic Squamous Cell Carcinoma	1074

Resection of Portion of Common and Internal Carotid Arteries Involved by Cancer	1075	Transection of Internal Carotid Artery—Internal Jugular Vein Fistula with Resection of False Aneurysm	1112
Outline of Management of Vascular Involvement in Neoplastic Disease Relative to Evaluation of the Intracranial Circulation	1076	Lateral Venotomy for Foreign Body.....	1116
Results of Resection and Reconstruction of the Internal Carotid Artery in Metastatic Carcinoma.....	1082	Control of Hemorrhage	1118
Chemodectoma.....	1082	Protection for Carotid Artery	1122
Resection of Carotid Body Tumor ...	1088	External Carotid Artery Ligation	1126
Resection of Intravagale Chemodectoma with Preservation of Major Vessel Continuity	1094	Saphenous Vein Graft.....	1128
Intravagale Chemodectomas and Bilateral Superior Sympathetic Ganglion Chemodectomas and Carotid Body Tumors.....	1096	Thoracic Outlet Syndrome— Scalenotomy.....	1129
Intravascular Glomus Jugulare.....	1097	CHAPTER 23	
Trauma to Vessels	1100	BASE OF THE SKULL SURGERY.....	1138
Immediate Sequelae of Vessel Injuries.....	1100	Base of Skull and Pharyngomaxillary Space	1138
Late Sequelae of Vessel Injuries.....	1104	Craniofacial Resection.....	1140
Resection of Arteriovenous Aneurysm of the Face	1106	Mandibular Swing.....	1150
Resection of Aneurysm of Common or Internal Carotid Artery	1112	Transseptal Transsphenoidal Hypophysectomy—Cryosurgical and Surgical.....	1152
		Temporal Bone Resection.....	1164
		INDEX	1170
