

# Contents

<b>1 Disorders of development of teeth</b>	
Disurbances in number of teeth	1
Anodontia	1
Supernumerary teeth	2
Disturbances in size of teeth	2
Disturbances in form of teeth	2
Disturbances in structure of teeth	4
Disturbances in structure of enamel	4
Disturbances in structure of dentine	10
Disturbances in structure of cementum	13
<b>2 Dental caries</b>	
Aetiology of dental caries	15
The role of bacteria and dental plaque	15
The role of carbohydrates	18
Aetiological variables	18
Pathology of dental caries	19
Classification by site of attack	19
Classification by rate of attack	20
Enamel caries	20
Dentine caries	23
Cementum caries	27
Arrested caries	28
Immunological aspects of dental caries	28
<b>3 Other disorders of teeth</b>	
Disorders of eruption and shedding of teeth	31
Premature eruption, natal, and neonatal teeth	31
Retarded eruption	31
Premature loss	31
Persistence of deciduous teeth	31
Impaction of teeth	32
Reimpaction of teeth	32
Non-bacterial loss of tooth substance	32
Attrition	32
Abrasion	33
Erosion	33

Resorption	34
Discolouration of teeth	36
Causes of discolouration	37
Transplantation and reimplantation of teeth	39
<b>4 Disorders of the dental pulp</b>	
Pulpitis	42
Aetiology	43
Histopathology	44
Effects of cavity preparation and filling materials	48
Healing of pulp	48
Pulp calcification	49
Pulp necrosis	51
<b>5 Periapical periodontitis</b>	
Aetiology	52
Acute periapical periodontitis	53
Chronic periapical periodontitis (periapical granuloma)	53
Sequelae of a periapical granuloma	55
Acute periapical abscess and spread of inflammation	56
<b>6 Cysts of the jaws and oral soft tissues</b>	
Classification and incidence of cysts of the jaws	59
Epithelial cysts	59
Non-epithelialized primary bone cysts	60
Odontogenic cysts	60
Radicular cysts	60
Dentigerous and eruption cysts	65
Odontogenic keratocyst (primordial cyst)	68
Gingival cyst	71
Developmental lateral periodontal cyst	72
Paradental cyst	72
Non-odontogenic cysts	73
Nasopalatine duct (incisive canal) cyst	73
Globulo-maxillary cyst	73
Naso-labial cyst	74
Median cysts	75
Non-epithelialized primary bone cysts	75
Solitary bone cyst	75
Aneurysmal bone cyst	76
Stafne's idiopathic bone cavity	76
Cysts of the soft tissues	77
Salivary mucoceles	77
Dermoid and epidermoid cysts	78
Lymphoepithelial cyst	79
Thyroglossal cyst	79

<b>7 Diseases of the periodontium</b>	
Chronic gingivitis and periodontitis	81
Aetiology of chronic periodontal disease	81
Histopathogenesis of chronic inflammatory periodontal disease	84
Pathogenic mechanisms in chronic periodontal disease	91
Chronic hyperplastic gingivitis and phenytoin hyperplasia	93
Juvenile periodontitis	94
Desquamative gingivitis	95
Lateral periodontal abscess	96
Pericoronitis	97
<b>8 Connective tissue hyperplasia, neoplasia, and related disorders of oral mucosa</b>	
Connective tissue hyperplasia	99
Epulides	99
Pyogenic granuloma	104
Fibro-epithelial polyp	104
Denture irritation hyperplasia	104
Papillary hyperplasia of the palate	105
Connective tissue neoplasms and allied conditions	106
Tumours of fibrous tissue	106
Tumours of adipose tissue	106
Tumours of vascular tissue	107
Tumours of peripheral nerves	110
Tumours of muscle	111
The granular cell tumour	111
Malignant lymphomas	112
<b>9 Keratoses and related disorders of oral mucosa</b>	
Classification	116
Oral epithelial naevus	118
Traumatic keratoses	119
Idiopathic leukoplakia	120
Dermatological causes of white patches	127
<b>10 Epithelial tumours of oral mucosa</b>	
Squamous cell papilloma	132
Squamous cell carcinoma	132
Verrucous carcinoma	139
Carcinoma- <i>in-situ</i>	139
Premalignant lesions and conditions	140
Malignant melanoma	141
Exfoliative cytology	142

<b>11</b>	<b>Infections of the oral mucosa</b>	
	Viral infections	144
	Herpes simplex	144
	Herpes zoster	147
	Herpangina	147
	Hand, foot and mouth disease	148
	Manifestations of other viral infections	148
	Bacterial infections	148
	Acute ulcerative gingivitis	149
	Acute streptococcal stomatitis	150
	Actinomycosis	151
	Syphilis	151
	Tuberculosis	153
	Fungal infections	153
	Acute pseudomembranous candidosis	154
	Acute atrophic candidosis	156
	Chronic atrophic candidosis	157
	Chronic hyperplastic candidosis	158
	Chronic mucocutaneous candidosis	158
<b>12</b>	<b>Oral ulceration and vesiculobullous diseases</b>	
	Classification of oral ulceration	161
	Traumatic ulceration	162
	Recurrent oral ulceration	163
	Clinical features of ROU	164
	Aetiology of ROU	165
	Immunological features of ROU	167
	Vesiculobullous diseases	169
	Pemphigus	170
	Erythema multiforme	171
	Pemphigoid	173
	Epidermolysis bullosa	174
	Dermatitis herpetiformis	176
<b>13</b>	<b>Miscellaneous disorders of oral mucosa</b>	
	Fordyce's granules	177
	Lingual tonsil	177
	Median rhomboid glossitis	177
	Geographic tongue	178
	Sarcoidosis	178
	Crohn's disease	180
	Non-healing mid-line granulomas	181
	Amyloidosis	181
	Oral pigmentation	182

<b>14 Diseases of salivary glands</b>	
Developmental anomalies	189
Sialadenitis	190
Bacterial sialadenitis	190
Viral sialadenitis	191
Sialadenitis of minor glands	192
Obstructive and traumatic lesions	192
Salivary calculi (sialoliths)	193
Sjögren's syndrome and related disorders	193
Sjögren's syndrome	194
Sialosis	196
Salivary gland tumours	196
Classification of salivary gland tumours	196
Adenomas	197
Mucoepidermoid tumours	200
Acinic cell tumours	202
Carcinomas	202
<b>15 Odontomes and odontogenic tumours</b>	
Classification	206
Odontomes	206
Odontogenic tumours—benign	207
Odontogenic tumours—malignant	207
Tumours of debatable origin	207
The odontomes	207
The odontogenic tumours	213
The cementoma group	221
Tumours of debatable origin	224
<b>16 Developmental, inflammatory and reactive disorders of bone</b>	
Developmental disorders of bone	226
Inflammatory diseases of bone	228
Osteomyelitis	231
Reactive disorders of bone	235
<b>17 Fibro-osseous lesions, Paget's disease, and tumours of bone</b>	
Fibro-osseous lesions	239
Fibrous dysplasia of bone	239
Cherubism	242
Paget's disease of bone	243
Tumours of bone	248
Classification of tumours of bone	248
<b>18 Diseases of the temporomandibular joint</b>	
Developmental disorders	258
Inflammatory disorders	259

Osteoarthritis	260
Functional disorders	260
<b>Index</b>	<b>263</b>
