

# CONTENTS

Introduction	1
--------------	---

## **PART I: General Histological Principles and Primary Tissues**

1 The Cell	23
2 Epithelium	101
3 Connective Tissue Proper	126
4 Specialized Connective Tissue: Cartilage and Bone	159
5 Specialized Connective Tissue: Blood	195
6 Muscle	235
7 Nervous Tissue	263

## **PART II: Histology of the Organ Systems**

8 The Circulatory System	309
9 Lymph Organs	328
10 The Skin and Its Appendages (The Integument)	362
11 The Digestive System	394
12 The Respiratory System	503
13 The Urinary System	535
14 The Endocrine System	569
15 The Female Reproductive System	598
16 The Male Reproductive System	635
17 Organs of Special Sense	669

Index	721
