

# CONTENTS

## PART I

### The Nose and Accessory Sinuses

CHAPTER	PAGE
1. The Clinical Anatomy and Physiology of the Nose and Accessory Sinuses . . . . .	1
2. The Surgical Correction of Facial Deformities . . . . .	21
Recent Fractures of the Facial Bones . . . . .	21
Rhinoplastic Reconstruction . . . . .	24
3. Deformities and Deviations of the Nasal Septum . . . . .	59
4. The Surgical Correction of Obstructive Lesions of the Septum . . . . .	62
5. Epistaxis, Rhinophyma, Furunculosis, Foreign Bodies in the Nose, Rhinoliths, Choanal Atresia . . . . .	74
6. Allergy, Hay Fever, Hyperesthetic Rhinitis, Asthma, Nasal Hydrorrhea . . . . .	85
Hay Fever . . . . .	87
Perennial Allergic Rhinitis . . . . .	90
Perennial Vasomotor Rhinitis . . . . .	91
Asthma . . . . .	92
Urticaria . . . . .	93
Nasal Hydrorrhea; Rhinal Hydrorrhea . . . . .	94
Cerebrospinal Rhinorrhea . . . . .	94
7. Headache. Neuralgia of the Face and Head . . . . .	96
8. Chronic Infections of the Nasal Fossae . . . . .	104
9. Etiology of Inflammatory Diseases of the Upper Respiratory Tract . . . . .	111
Acute Viral Infections of the Respiratory Tract . . . . .	111
Bacterial Diseases of the Upper Respiratory Tract . . . . .	116
10. Acute Inflammatory Diseases of the Nose and Sinuses . . . . .	121
The Common Cold . . . . .	121
Influenza . . . . .	122
Erysipelas . . . . .	123
Acute Tonsillitis and Pharyngitis . . . . .	124
Primary Atypical Pneumonia . . . . .	124
Primary Herpes Simplex . . . . .	125
Herpangina . . . . .	126
11. The Etiology, Pathology, Symptoms and Diagnosis of Sinus Infections . . . . .	128
12. Non-Surgical Treatment of Sinus Infections . . . . .	143
13. Surgical Treatment of Sinus Infections . . . . .	149
The Frontal Sinus . . . . .	150
External Frontoethmoidosphenoidal Operation . . . . .	151
The Osteoplastic Frontal Sinus Operation . . . . .	153
The Maxillary Sinus . . . . .	156
Oramaxillary Fistula . . . . .	160
Intranasal Surgery of the Ethmoid and Sphenoid Sinuses . . . . .	160
External Ethmoidectomy . . . . .	163
Transsphenoidal Hypophysectomy . . . . .	164

CHAPTER	PAGE
14. Complications of Sinus Disease	170
Orbital Manifestations of Sinus Disease	170
Osteomyelitis of the Frontal Bone	173
Osteomyelitis of the Superior Maxilla	175
Osteomyelitis of the Spheroid Bone	175
Intracranial Complications of Sinus Disease	176
Pneumocele	176
15. Tumors of the Nose and Paranasal Sinuses	178
Benign Tumors	178
Malignant Tumors of the Nose and Paranasal Sinuses	183

## PART II

### The Pharynx and Fauces

16. Surgical Anatomy of the Pharynx and Tonsil	187
17. Diseases of the Pharynx and Fauces	195
Simple Acute Pharyngitis	195
Chronic Pharyngitis; Granular Pharyngitis	195
Agranulocytosis	196
Leukemia	196
Leukoplakia	197
Moniliasis, Oidiomycosis, Thrush	198
Infectious Mononucleosis	199
Calculi of the Salivary Glands	202
18. Diseases of the Tonsils	206
19. Removal of the Tonsils	217
20. Diseases of the Adenoid and Lingual Tonsil	226
21. Deep Neck Infections	231
Surgical Anatomy	231
Pharyngeal Abscess	231
Ludwig's Angina	235
Retropharyngeal Abscess—Prevertebral Space Abscess	238
22. Chronic Granulomata of the Nose, Throat and Ear	241
23. Tumors of the Face, Nasopharynx and Pharynx. Cysts of the Mouth. The Salivary Glands	250

## PART III

### Diseases of the Larynx

24. Developmental Anatomy of the Larynx	273
Embryology	273
Developmental Differences from the Infant to the Adult Larynx	274
Ossification of the Laryngeal Skeleton	276
25. Anatomy of the Larynx	278
26. Respiratory Insufficiency and Tracheostomy	285
Etiology of Alveolar Hypoventilation	285
Endotracheal Intubation	291
Cricothyrotomy (Coniotomy)	291
Tracheostomy	292
Tracheal Fenestration	301
27. Congenital Malformations of the Larynx	304
Atresia of the Larynx	304
Congenital Webs of the Larynx	305
Congenital Hemangioma of the Larynx	306
Tracheo-esophageal Fistulas and Laryngeal Cleft	307
Laryngocele Ventricularis	308
Cysts of the Larynx	310
Congenital Vocal Cord Paralysis	312
Laryngomalacia	312

CHAPTER		PAGE
	Micrognathia, Glossoptosis and Respiratory Obstruction (Pierre Robin Syndrome)	313
	Dysplastic Dysphonia	315
28.	Trauma of the Larynx	318
	External Injuries of the Larynx	319
	Thermal Burns of the Larynx	328
	Injury Associated with Indwelling Nasogastric Tubes	331
	Autogenous Laryngeal Injuries	331
29.	Acute Inflammatory Diseases of the Larynx	336
	Acute Inflammatory Nonspecific Laryngitis	336
	Acute Spasmodic Croup	337
	Acute Supraglottic Laryngitis	337
	Acute Laryngotracheal Bronchitis	339
	Specific Acute Infections of the Larynx	342
	Noninflammatory Edema of the Larynx	343
	Abscess of the Larynx	344
	Acute Perichondritis of the Larynx	345
30.	Chronic Non-Specific Inflammatory Diseases of the Larynx	348
	Chronic Non-specific Laryngitis	348
	Chronic Epithelial Hyperplasias of the Larynx	354
	Chronic Cicatricial Stenosis of the Larynx	357
	Arthritis of the Cricothyroid Joint	363
	Prolapse of the Ventricle of Morgagni	364
31.	Chronic Granulomatous Diseases of the Larynx	366
	Tuberculosis of the Larynx	366
	Lupus of the Larynx	369
	Syphilis of the Larynx	369
	Leprosy of the Larynx	371
	Glanders	371
	Scleroma of the Larynx	372
	Sarcoidosis of the Larynx	373
	Mycotic Diseases	373
32.	Laryngeal Manifestations of Systemic Diseases	377
	Congenital Diseases	377
33.	Functional Disorders of the Larynx	384
	Functional Aphonia	384
	Spasms of the Laryngeal Musculature	385
	Laryngismus Stridulosa	385
	Spasmodic Laryngeal Cough	386
34.	Neurologic Diseases of the Larynx	391
	Neuroanatomy of the Larynx	391
	Laryngeal Paralysis	395
	Surgical Treatment of Paralysis of the Larynx	412
	Laryngeal Paralysis Due to Muscular Disorders	419
35.	Tumors of the Larynx and Pharynx	425
	Classification of Larynx and Laryngopharynx Cancers	429
	Symptomatology	431
	Indications for Surgery or Radiation	432
	Surgical Treatment	433
	Laryngectomy Without Neck Dissection	441
	Chemotherapy	453
	Results	453
	Causes of Morbidity and Mortality	455
36.	Malignant Tumors of the Tongue	456
37.	Neoplasm of Pharynx and Tonsils	466
38.	Defects of Speech	472
	Speech Development in the Child	473
	Defects of Articulation	474
	Defects of Rhythm	478
	Defects of Symbolization	481
	Normal and Abnormal Vocal Cord Vibration	484
	Classification of Voice Disorders	485
	Speech Training for the Laryngectomized	494

## PART IV

## The Ear

CHAPTER	PAGE
39. Anatomy and Embryology . . . . .	501
The Temporal Bone . . . . .	501
The Ear . . . . .	504
Blood Supply to the Ear . . . . .	527
Facial Nerve . . . . .	528
Embryology . . . . .	531
Radiology of the Temporal Bone . . . . .	544
40: Physiology of the Ear . . . . .	554
The Physiology of Hearing . . . . .	554
The Physiology of Equilibrium . . . . .	563
41. Audiology . . . . .	578
Audiometry . . . . .	580
Auditory Testing in Children . . . . .	591
42. Diseases of the External Ear . . . . .	600
The Auricle . . . . .	600
The External Auditory Canal . . . . .	603
Traumatic Perforation of the Tympanic Membrane . . . . .	612
43. Tumors of the External and Middle Ear . . . . .	614
Benign Tumors . . . . .	614
Malignant Tumors . . . . .	621
44. Eustachian Tube Dysfunction . . . . .	629
45. Acute Inflammatory Diseases of the Middle Ear . . . . .	640
Viral Otitis Media . . . . .	640
Acute Bacterial Otitis Media . . . . .	641
Acute Necrotizing Otitis Media . . . . .	645
46. Chronic Ear Disease . . . . .	646
Chronic Suppurative Otitis Media . . . . .	646
Cholesteatoma . . . . .	648
✓47. Surgery in Chronic Ear Disease . . . . .	656
Introduction . . . . .	656
Myringoplasty . . . . .	660
Tympanoplasty . . . . .	662
Modified Radical Mastoidectomy . . . . .	669
Radical Mastoidectomy . . . . .	670
48. Complications of Ear Disease . . . . .	674
Intracranial Complications . . . . .	674
Inflammatory Disease of the Labyrinth . . . . .	684
Petrositis . . . . .	699
49. Otosclerosis . . . . .	702
Labyrinthine Otosclerosis . . . . .	708
Stapedectomy . . . . .	710
Fenestration . . . . .	716
✓50. Congenital Malformations of the Ear . . . . .	722
Classification and Types . . . . .	722
Surgery . . . . .	730
Reconstruction and Prostheses . . . . .	735
51. Reconstruction of the Outstanding Ear . . . . .	738
52. Non-Inflammatory Diseases of the Labyrinth . . . . .	749
Vertiginous Disease . . . . .	751
Concussion . . . . .	753
Meniere's Disease . . . . .	759
Depressed Hearing . . . . .	767
Ototrophic Viral Disease . . . . .	770
53. Industrial Noise-Exposure and Hearing Loss . . . . .	775
Medical Aspects of the Industrial Noise Problem . . . . .	777

CHAPTER	PAGE
Medicolegal Aspects . . . . .	780
Industrial Audiometry and Hearing . . . . .	788
54. Facial Nerve Paralysis . . . . .	797

**PART V**

**Bronchology Esophagology, Gastroscopy and Mediastinoscopy**

55. The Bronchologic Clinic . . . . .	807
56. Direct Laryngoscopy . . . . .	820
57. Bronchoscopy . . . . .	830
Anatomy and Technic . . . . .	831
Foreign Bodies . . . . .	839
Bronchoscopy for Disease of the Bronchi and Lungs . . . . .	844
Traumatic Injury to the Bronchial Tree . . . . .	846
Parasitic Infestation of the Lung . . . . .	847
Pulmonary Tuberculosis . . . . .	847
Middle Lobe Syndrome . . . . .	847
Post-tonsillectomy and Postoperative Pulmonary Abscess . . . . .	848
Postoperative Massive Collapse of the Lung . . . . .	848
Bronchiectasis . . . . .	851
Fibrocystic Disease of the Pancreas . . . . .	851
Asthma . . . . .	852
Tumors of the Tracheobronchial Tree, Lung and Mediastinum . . . . .	853
Hemoptysis . . . . .	856
Bronchography . . . . .	858
58. Esophagology . . . . .	863
Endoscopic Anatomy . . . . .	865
Technic . . . . .	867
Foreign Bodies in the Esophagus . . . . .	868
Diseases of the Esophagus . . . . .	870
Caustic Burns and Strictures . . . . .	872
Achalasia . . . . .	874
Carcinoma of the Esophagus . . . . .	877
Diverticulum of the Esophagus . . . . .	880
Esophagitis and Peptic Ulcer of the Esophagus . . . . .	882
Esophageal Varices . . . . .	883
Diaphragmatic Hernia . . . . .	884
Schatski Ring . . . . .	885
Perforation and Rupture of the Esophagus . . . . .	886
59. Gastroscopy . . . . .	889
Instruments . . . . .	889
Indications and Contraindications . . . . .	892
Gastroscopy for Foreign Bodies . . . . .	893
60. Mediastinoscopy . . . . .	895
Index . . . . .	905
