

# CONTENTS

Foreword .....	1
I. Summary .....	3
II. World review and outlook.....	15
AGRICULTURAL PRODUCTION .....	15
Longer term trends in agricultural production .....	16
Regional agricultural production in 1965/66 .....	19
Production of main agricultural commodities .....	22
Fishery production .....	23
Forest production .....	25
Agricultural production outlook for 1966/67 .....	26
CHANGES IN STOCKS .....	27
ECONOMIC ACTIVITY AND THE DEMAND FOR AGRICULTURAL PRODUCTS .....	29
Effects of continued economic expansion in the United States .....	30
FOOD SUPPLIES AND CONSUMPTION .....	32
INTERNATIONAL TRADE IN AGRICULTURAL PRODUCTS .....	34
Volume of imports .....	36
Prices in international markets .....	39
Export earnings .....	42
Trade of eastern Europe and the U.S.S.R. ....	44
Trade on special terms .....	45
International policies of trade and aid .....	45
FARM PRICES AND INCOMES .....	47
Farm incomes .....	49
CONSUMER PRICES .....	50
AGRICULTURAL POLICIES AND DEVELOPMENT PLANS .....	51
North America .....	54
Western Europe .....	55
Eastern Europe and the U.S.S.R. ....	59
Australia and New Zealand .....	60
Latin America .....	60
Far East .....	62
Near East .....	65
Africa .....	66
Fishery policies .....	69
Forest policies .....	71

<b>III. Agriculture and industrialization.....</b>	<b>75</b>
<b>INTERDEPENDENCE OF AGRICULTURE AND INDUSTRY .....</b>	<b>75</b>
Agriculture as supplier of food and raw materials .....	76
Agriculture as earner of foreign exchange .....	77
Agriculture as supplier of finance and labor .....	77
Agriculture as market for industrial products .....	78
Agro-oriented industrialization .....	78
<b>CHARACTERISTICS OF INDUSTRIES USING AGRICULTURAL RAW MATERIALS AND THEIR CONTRIBUTION TO ECONOMIC DEVELOPMENT .....</b>	<b>79</b>
Main characteristics .....	80
Contribution to economic development .....	85
<b>REVIEW OF INDIVIDUAL INDUSTRIES USING AGRICULTURAL RAW MATERIALS .....</b>	<b>94</b>
Food industries .....	94
Nonfood industries .....	110
<b>INDUSTRIES SERVING AGRICULTURE .....</b>	<b>121</b>
Industrial inputs for agricultural production .....	122
Agricultural input industries in the developing countries .....	124
<b>MAIN PROBLEMS .....</b>	<b>127</b>
Integrated planning of agriculture and industry .....	127
Feasibility studies .....	128
Choice of technology .....	129
Trade problems .....	131
Government action .....	134
International assistance .....	135
<b>IV. Rice in the world food economy: Situation and outlook in the Inter- national Rice Year 1966 .....</b>	<b>137</b>
<b>MAIN FEATURES OF THE WORLD RICE ECONOMY .....</b>	<b>137</b>
Recent trends in production .....	139
Disparities in yields .....	141
Consumption and trade trends .....	142
<b>DEMAND AND CONSUMPTION .....</b>	<b>144</b>
The structure of demand for rice .....	144
Factors affecting demand .....	146
Improving the rice eater's diet .....	152
<b>PRODUCTION AND PRODUCTIVITY .....</b>	<b>155</b>
Types of rice plant and their ecological response .....	155
Breeding and selection of varieties .....	156
Irrigation, drainage and water requirements .....	156
Better cultural practices .....	159
Scope for using more fertilizer .....	161
Reducing crop losses from pests and diseases .....	164
Specialized extension programs .....	165
Fish production in the paddy fields .....	165

PROCESSING AND STORAGE .....	166
Preprocessing .....	167
Processing .....	169
Manufacture of rice foods and utilization of by-products .....	171
Reduction of losses in stored rice .....	172
ECONOMIC AND INSTITUTIONAL FACTORS .....	174
Cost, returns and productivity .....	174
Price and marketing policies .....	176
Agricultural credit .....	182
Land tenure .....	182
THE OUTLOOK .....	183
Role of rice in future food supplies .....	184
Role of trade .....	184
Production problems .....	185
International collaboration on rice .....	187

## Annex tables

1A. Total agricultural production: country, subregional and regional indices .....	191
1B. Per caput agricultural production: country, subregional and regional indices ...	193
2A. Total food production: country, subregional and regional indices .....	195
2B. Per caput food production: country, subregional and regional indices .....	197
3A. World production of major agricultural commodities .....	199
3B. Regional production of major agricultural commodities .....	200
4. Total catch (liveweight) of fish, crustaceans, and mollusks in selected countries ..	203
5. World and regional production of major forest products .....	205
6. Stocks of major agricultural and forest products .....	207
7. Investment of United States Commodity Credit Corporation as of 30 April 1966	209
8A. Per caput food supplies available for human consumption in selected countries ..	210
8B. Estimated calorie and fat content of national average food supplies per caput ....	216
8C. Estimated protein content of national average food supplies per caput .....	218
9A. Volume of world exports of major agricultural commodities .....	220
9B. Volume of regional exports of major agricultural commodities .....	221
9C. Volume of regional imports of major agricultural commodities .....	224
10. Volume of world and regional exports of fishery products .....	226
11. Volume of world and regional trade in forest products .....	229
12A. World and regional indices of volume and value of exports of agricultural, fishery and forest products, by commodity groups .....	232
12B. World and regional indices of volume and value of imports of agricultural products, by commodity groups .....	235
13. World average export unit values of agricultural, fishery and forest products ....	238
14. Regional indices of average export unit values, by commodity groups .....	240
15. United States: exports under special programs in relation to total agricultural exports .....	241
16. Summary information on rice processing in the Far East .....	242
