PREFACE TO THE SIXTH EDITION	ix
PREFACE TO THE FIRST EDITION	xi
INTRODUCTION	xiii
DESCRIPTIVE TERMS	xv
ADVICE TO THE DISSECTOR	xxi

SECTION I. GENERAL

CHAPTER

1. Bone and cartilage	1
Parts of a typical vertebra and their functions	10
Articulations or joints	13
Articulated vertebral column	18
Muscles	22
Blood vascular and lymphatic systems. Fetal circulation	31
Peripheral nerves	44
2. Digestive system	48
Respiratory system	54
Urinary system	60
Genital system	63
Skin and its appendages, and the fasciae	68

SECTION II. THE UPPER LIMB

3. Introduction	74
Pectoral region and axilla	76
Scapular and deltoid regions	92
4. Cutaneous nerves and veins	107
Upper arm and the front of the elbow	114
5. Flexor region of the forearm	124
The hand	136
6. Extensor region of forearm and hand	161
7. Joints of the upper limb	176

SECTION III. THE ABDOMEN

8. Anterior abdominal wall	206
Testis, spermatic cord and scrotum	220
9. Abdomino-pelvic cavity	227
Lesser omentum, bile ducts, celiac artery, portal vein, stomach, inferior and posterior surfaces of the liver	254
Mesenteric vessels	267
Duodenum and pancreas	273
10. The three paired glands	283
Great vessels of the abdomen	292

Autonomic nervous system within the abdomen	301
Posterior wall of the abdomen proper	302
Diaphragm	309
Abdominal lymphatics	313

SECTION IV. THE PERINEUM AND PELVIS

11. Perineum	317
12. Male pelvis	329
Genito-urinary system	345
Intestinum rectum and anal canal	352
Vessels and nerves of the pelvis	355
13. Female pelvis	363
Differences between male and female pelvis	373
Autonomic nerves within the pelvis	377
Pelvic lymphatics	379

SECTION V. THE LOWER LIMB

14. Introduction	383
Front of thigh	391
Hip bone	402
Gluteal region	406
Back of thigh and popliteal fossa	413
Medial region of thigh	422
15. Leg and dorsum of foot	428
Foot	448
16. Hip joint	467
Knee joint	475
Ankle joint	487
Joints of foot	492

SECTION VI. THE THORAX

17. Bony thorax	506
Intercostal spaces	517
Pleurae	520
Lungs	535
18. Pericardium and contents	547
Superior mediastinum	571
Posterior mediastinum	579
Mechanism of respiration	586

SECTION VII. THE HEAD AND NECK

19. Front of the skull and the face	589
The skull from above and the scalp	604
20. Posterior triangle of the neck	607
The back	618
21. Contents of the cranium	630

Interior of the base of the skull	639
Middle cranial fossa and contents	643
Orbital cavity and contents	651
22. Anterior triangle of the neck	666
Root of the neck	683
Lateral aspect of the skull	692
Parotid, temporal and infra-temporal regions and the mandibular joint	699
23. Cervical vertebrae and the prevertebral region	711
Exterior of the base of the skull	718
Great vessels and nerves	723
24. Pharynx	735
Mouth, tongue and teeth	753
Pterygo-palatine fossa, nasal cavities and paranasal sinuses	765
25. Larynx	777
Ear	784
Lymphatics of the head and neck	793

SECTION VIII. MISCELLANEOUS

26. Autonomic nervous system	797
Body types	803
27. Bones of the skull	806
Bones of the pectoral girdle	825
Bones of the carpus	831
REFERENCES	834
INDEX	839
