Part I. Helminthic Diseases

1. Schistosomiasis	1
2. Other Schistosomal Diseases	11
Schistosoma Haematobium Infections	11
Schistosoma Japonicum Infections	16
Rare Schistosomal Infections	19
3. Echinococcosis	20
Alveolar Hydatid Disease	29
4. Hookworm	30
5. Filariasis	36
6. Other Filarial Infections of Man	49
Onchocerciasis	49
Loiasis	53
Related Infestations	56
7. Nematode Infections (Excluding Hookworm and Filariasis)	58
Enterobiasis (Pinworm)	59
Ascariasis	60
Trichinosis	62
Strongyloidiasis	64
Trichiasis (Whipworm)	65
Larva Migrans	66
8. Trematode and Cestode Infections (Excluding Schistosomiasis and Echinococcosis)	68
Trematodes	68
Clonorchiasis	69
Other Liver Flukes	70
Paragonimiasis	70
Intestinal Flukes	73
Cestodes	73
Taeniasis Saginata	74
Taeniasis Solium	76

xii Contents

Cestodes (<i>Continued</i>)	
Hymenolepis Nana Infection	77
Diphyllobothrium Latum Infection	77
Part II. Protozoal Diseases	
9. Malaria	79
10. Amebiasis	92
11. African Trypanosomiasis	105
12. American Trypanosomiasis (Chagas' Disease)	114
13. Visceral Leishmaniasis (Kala-azar)	122
