Dwarfism	20	Halitosis	130
Loss of weight	22	Stomatitis and gingivitis	131
Excessive height	25	Dryness in the mouth	133
Obesity	25	Toothgrinding	134
Unexplained fever	27	Salivation and drooling	134
Lassitude	36	Difficulty in sucking and swallowing	135
Excessive sweating	39	Delayed dentition and missing teeth	137
Enlargement of the lymph nodes	41	Colds and nasal discharge	138
Anaemia and pallor	43	Cough	139
Purpura	52	Wheezing	144
Poor appetite	57	Stridor	145
Pica (dirt eating)	59	Chest pain	153
Nausea	59	Haemoptysis	153
Vomiting	61	Dyspnoea	154
Haematemesis	74	Overventilation	156
Constipation	76	Blurring of vision and diplopia	157
Diarrhoea	79	Blindness or severe defect of vision	159
Encopresis and faecal incontinence	83	Nystagmus	161
Blood in the stool	84	Retinal haemorrhages	161
The colour of the stools	87	Lachrymation	162
Pain—some general comments	88	Strabismus	162
Headache	90	Ptosis	163
Abdominal pain	97	Proptosis	164
Abdominal distension	112	Photophobia	165
Jaundice	115	Myopia	166
Persistent cyanosis	123		

- Ear pain 166
 Defective hearing 167
 Tinnitus 170
 Vertigo 170
 The clumsy child 172
 Ataxia 175
 Overactivity 177
 Paraesthesiae 179
 Undue excitement 179
 Undue irritability 179
 Confusion and hallucinations 180
 Involuntary movement 181
 Convulsions 185
 Coma 201
 Drowsiness 202
 Neck stiffness 203
 Scoliosis 205
 Facial palsy 206
 Hypotonia 208
 Weakness of a limb or limbs 212
 Excessive muscle tone 216
 Toe walking 217
 Limp and limb pains 218
 Arthritis and joint pains 223
 Back pain 230
 Local muscle wasting 231
 Asymmetry of the head 232
 A small head 233
 A large head 236
 Torticollis 237
 Asymmetry of the chest 239
 Crying 239
 Types of cry 243
 Insomnia 244
 Mental subnormality 246
 Other causes of general backwardness 249
 Backwardness in individual fields of development 255
 Mental deterioration 261
 Thirst 264
 The diagnosis of a urinary tract infection 264
 Frequency of micturition and polyuria 267
 Scalding on micturition: dysuria 268
 Haematuria 269
 Changes in the colour of the urine 271
 Oedema 274
 Delayed puberty in the girl and primary amenorrhoea 279
 Some other gynaecological problems 281
 Delayed puberty in the boy 283
 Sexual precocity in the girl 284
 Sexual precocity in the boy 287
 Gynaecomastia 288
 Pruritus 289
 Loss of hair 290
 Excessive hair 291
 Side effects of drugs 293
 Side effects of individual drugs 295
 Psychological and organic 306
 Some symptoms of importance 309
 Some popular fallacies 310
 Some relevant books 311
 Index 313
