

# CONTENTS

## *Chapter 1*

THE HISTORICAL DEVELOPMENT OF MICROBIOLOGY.....	1
Microscopy.....	1
Spontaneous Generation .....	3
Fermentation and Biochemical Physiology .....	4
Infectious Disease .....	5
Viruses .....	7
Immunity .....	8
Chemotherapy.....	9
Microbial Genetics.....	10
Reconsideration.....	11

## *Chapter 2*

LABORATORY METHODS.....	13
Sterilization .....	13
Preparation of Culture Mediums.....	14
Microscopic Examination.....	18
Motility.....	18
Staining.....	18
Culture of Bacteria.....	21
Systematic Study of Bacteria in Pure Culture .....	23
Animal Inoculation .....	24
Propagation of Viruses and Rickettsiae.....	25
The Embryonated Egg.....	25
Tissue Culture.....	27
Immunological Methods.....	29

## *Chapter 3*

THE PHYSICAL AND CHEMICAL STRUCTURE OF MICROORGANISMS .....	36
Microscopy.....	37
The Morphology of Bacteria.....	39
The Bacterial Cell.....	39
The Structure of Bacterial Cells .....	43

External Structures .....	43
Staining Reactions .....	47
The Cell Wall and Plasma Membrane.....	49
Internal Structures .....	54
Intracellular Localization of Enzymes .....	61
Colonial Morphology of Bacteria.....	62
The Morphology of Rickettsiae and Viruses.....	64
The Morphology of Rickettsiae .....	64
The Psittacosis – Lymphogranuloma Venereum Organisms .....	66
The Morphology of Viruses.....	67
The Bacterial Viruses (Bacteriophages) .....	69
Animal Viruses .....	72
The Insect Viruses.....	75
Plant Viruses .....	76
Comparative Morphology of Microorganisms .....	78

#### Chapter 4

THE GROWTH OF MICROORGANISMS .....	81
The Growth of Bacteria .....	81
The Growth of Bacterial Populations .....	82
The Replication of Viruses .....	86
The Replication of Bacteriophage .....	87
The Replication of Animal Viruses .....	92
Multiple Infections and Interference .....	99
The Comparative Physiology of Growth.....	101

#### Chapter 5

BACTERIAL METABOLISM .....	105
<i>by James W. Moulder, Ph.D.</i>	
Respiration .....	106
Some Basic Concepts of Respiration.....	106
Respiratory Enzymes in Bacteria.....	107
The Relation of Bacteria to Molecular Oxygen .....	111
Conservation and Transfer of the Energy Released in Biological Oxidations .....	112
Carbohydrate Metabolism .....	114
Metabolism of Complex Carbohydrates .....	115
Breakdown of Hexoses and Pentoses .....	117
Breakdown of Pyruvic Acid.....	125
The Tricarboxylic Acid Cycle.....	128
Fixation of Carbon Dioxide.....	131
Bacterial Fermentations .....	135
Lipid Metabolism.....	138
Inorganic Nitrogen Metabolism .....	140
Metabolism of Amino Acids and Proteins .....	142
Breakdown of Proteins .....	142
Breakdown of Amino Acids.....	143
Synthesis of Amino Acids .....	145
Metabolism of Nucleic Acids, Nucleotides, and Related Substances.....	158
Breakdown of Nucleic Acids .....	159
Primary Synthesis of Purines and Pyrimidines .....	160
Further Metabolism of Purines and Pyrimidines.....	161

Regulation of the Biosynthesis of Purines and Pyrimidines.....	163
Synthesis of Nucleic Acids and Proteins.....	163
Nutrition of Bacteria .....	168

### Chapter 6

PHYSICAL AGENTS, BACTERICIDAL SUBSTANCES (DISINFECTANTS), AND CHEMOTHERAPEUTIC DRUGS .....	177
Physical Agents.....	178
Disinfectants.....	184
The Chemotherapeutic Drugs .....	197
Synthetic Compounds.....	198
The Antimetabolite Theory of Antibacterial Activity.....	201
Antibiotic Substances .....	204
The Application of Chemotherapeutic Agents.....	210

### Chapter 7

MICROBIAL VARIATION AND GENETICS .....	218
The "Unique" Features of Microorganisms.....	218
Observed Variations of Microorganisms .....	220
Morphological Variation .....	220
Physiological Variation .....	227
Environmental Selection .....	227
Adaptation.....	228
Attenuation.....	228
Biochemical Variation .....	229
Resistance to Chemotherapeutic Agents .....	231
Adaptive Enzymes .....	236
Conjugation and Recombination .....	238
Transduction (Transfection).....	240
Transformation.....	241
The Nature of Microbial Variations .....	243
Mutation .....	243
Induced Adaptation.....	245
Microbial Phylogeny .....	247

### Chapter 8

THE TAXONOMY OF MICROORGANISMS .....	252
--------------------------------------	-----

### Chapter 9

THE PATHOGENIC MICROORGANISMS AND DISEASE.....	259
The Specific Microbial Etiology of Infectious Disease.....	259
Microbial Virulence .....	263
Microbial Toxins .....	266
Exotoxins .....	266
Endotoxins .....	268
Other Toxic Substances.....	269
Capsules .....	275
Miscellaneous Factors .....	275
Toxicity of Host Origin .....	275
Resistance .....	277

*Chapter 10*

THE EPIDEMIOLOGY OF INFECTIOUS DISEASE .....	293
Epidemiological Types of Infectious Disease .....	295
The Microbial Population .....	297
The Host Population .....	298
The Interaction of Host and Parasite Populations ...	300
Experimental Epidemiology .....	303
Epidemiological Data and Their Interpretation .....	305
The Control of Infectious Disease .....	307

*Chapter 11*

THE MICROBIOLOGY OF WATER AND SEWAGE .....	310
Water .....	310
Sewage .....	319

*Chapter 12*

THE MICROBIOLOGY OF MILK AND FOOD .....	322
Milk .....	322
Food Poisoning and Foodborne Infection .....	328
Food Poisons of Bacterial Origin .....	329
Foodborne Bacterial Infections .....	331
Foodborne Parasitic Infections .....	333
Control of Foodborne Disease .....	333

*Chapter 13*

IMMUNITY: ANTIGENS, ANTIBODIES, AND THE ANTIGEN- ANTIBODY REACTION .....	335
Antigens .....	335
Properties of Antigens .....	337
Antigenic Specificity .....	338
The Chemical Basis of Specificity .....	343
The Antigenic Structure of Microorganisms .....	345
Antibodies .....	347
The Antigen-Antibody Reaction .....	356

*Chapter 14*

IMMUNITY: THE SEROLOGICAL REACTIONS .....	364
Precipitins .....	364
Agglutinins .....	367
Immunofluorescent Staining .....	372
Antitoxins .....	373
Lysins .....	376
Opsonins .....	381
Protective and Neutralizing Antibodies .....	384

*Chapter 15*

THE IMMUNE STATE .....	388
Humoral Immunity .....	388
Cellular Immunity .....	390
Sites of Antibody Formation .....	393

Natural Immunity .....	397
Acquired Immunity .....	399
Active Immunity .....	399
Passive Immunity .....	403
Hypersensitivity .....	404
Anaphylaxis .....	404
Allergy and Atopy .....	408
Hypersensitivity in Infection .....	411
The Relationship of Hypersensitivity and Immunity .....	412
 <i>Chapter 16</i>	
THE STAPHYLOCOCCI .....	✓ 415
Other Micrococci .....	426
 <i>Chapter 17</i>	
THE STREPTOCOCCI .....	✓ 430
Streptococcal Infection of the Skin and Subcutaneous Tissues .....	443
Streptococcal Infection of the Upper Respiratory Tract .....	444
Scarlet Fever .....	445
Rheumatic Fever .....	447
Acute Glomerulonephritis .....	448
Subacute Bacterial Endocarditis .....	449
Puerperal Fever .....	450
 <i>Chapter 18</i>	
THE PNEUMOCOCCI .....	✓ 453
 <i>Chapter 19</i>	
THE GRAM-NEGATIVE PATHOGENIC COCCI (NEISSERIA):	✓
THE GONOCOCCUS AND THE MENINGOCOCCUS .....	463
The Gonococcus .....	463
The Meningococcus .....	0
Other Gram-negative Diplococci .....	476
 <i>Chapter 20</i>	
THE ENTERIC BACILLI: THE COLIFORM BACTERIA, FRIEDLÄNDER'S BACILLUS (PNEUMOBACILLUS), AND PROTEUS .....	✓ 479

Classification of Enteric Bacilli.....	480
The Coliform Bacilli.....	483
Physiological Differentiation of Coliform Bacilli.....	484
The Immunological Relationships of the Coliform Bacilli.....	485
Friedländer's Bacillus ( <i>Klebsiella pneumoniae</i> ).....	487
The Paracolon Bacilli.....	489
<i>Proteus</i> .....	490

### Chapter 21

THE ENTERIC BACILLI: THE SALMONELLA GROUP.....	495
Salmonella Infections.....	503
Salmonella Gastroenteritis.....	504
Typhoid and Paratyphoid Fevers.....	505
<i>Alcaligenes faecalis</i> .....	513

### Chapter 22

THE ENTERIC BACILLI: THE DYSENTERY BACILLI.....	516
<i>Shigella dysenteriae</i> (Group A).....	517
<i>Shigella flexneri</i> (Group B).....	518
<i>Shigella boydii</i> (Group C).....	520
<i>Shigella sonnei</i> (Group D).....	521
Bacillary Dysentery.....	522

### Chapter 23

THE CHOLERA VIBRIO AND RELATED FORMS.....	530
<i>Vibrio cholerae</i> .....	530
Other Vibrios.....	542

### Chapter 24

BRUCELLA: UNDULANT FEVER; CONTAGIOUS ABORTION OF CATTLE.....	547
<i>Brucella bronchiseptica</i> .....	555

### Chapter 25

PASTEURELLA AND ACTINOBACILLUS: HEMORRHAGIC SEPTICEMIA; PLAGUE; TULAREMIA; GLANDERS; ACTINOBACILLOSIS.....	557
Pasteurella.....	557
<i>Pasteurella pestis</i> —The Plague Bacillus.....	558
<i>Pasteurella pseudotuberculosis</i> .....	566
<i>Pasteurella tularensis</i> .....	567
Actinobacillus.....	570
The Glanders Bacillus ( <i>Actinobacillus mallei</i> ).....	570
Whitmore's Bacillus.....	573
Actinobacillosis.....	574

*Chapter 26*

THE HEMOPHILIC AND RELATED BACTERIA .....	578
Hemophilus influenzae (Pfeiffer's Bacillus) .....	578
The Koch-Weeks Bacillus .....	581
Hemophilus pertussis (Bordetella pertussis).....	582
The Morax-Axenfeld Diplobacillus (Hemophilus duplex).....	586
Ducrey's Bacillus (Hemophilus ducreyi) .....	586

*Chapter 27*

PSEUDOMONAS; LACTOBACILLUS; LISTERIA; ERYSIPELOTHRIX; BACTEROIDES; STREPTOBACILLUS; BARTONELLA; ✓	
MYCOPLASMA; DONOVANIA .....	589
Pseudomonas aeruginosa (Pyocyanea) .....	589
Lactobacillus.....	590
Related Bacteria .....	594
Listeria monocytogenes .....	594
Erysipelothrix rhusiopathiae .....	597
Nonspore-forming Anaerobic Bacilli (Bacteroides).....	599
Streptobacillus moniliformis (Rat-Bite Fever, Haverhill Fever).....	602
Bartonella.....	603
Mycoplasma – The Pleuropneumonia-like Organisms (PPLO).....	605
Mycoplasma of Man.....	609
Donovania granulomatis.....	610

*Chapter 28*

BACILLUS—THE SPORE-FORMING AEROBES...✓.....	614
Bacillus anthracis.....	614
Related Bacilli.....	620

*Chapter 29*

CLOSTRIDIUM—THE SPORE-FORMING ANAEROBES ✓.....	623
Clostridium Tetani .....	624
Gaseous Gangrene.....	631
The Vibriion Septique, Clostridium septicum.....	631
Clostridium welchii (Clostridium perfringens) .....	633
Clostridium novyi (Clostridium oedematiens).....	637
Clostridium histolyticum .....	639
Clostridium sporogenes.....	640
Clostridium chauvoei (Clostridium feseri).....	641
Clostridium botulinum .....	642

*Chapter 30*

CORYNEBACTERIUM (THE DIPHTHERIA BACILLUS)...✓.....	649
The Diphtheroid Bacilli .....	660

*Chapter 31*

MYCOBACTERIUM.....	663
The Tubercle Bacilli.....	663
Mycobacterium leprae (Hansen's Bacillus).....	678
Mycobacterium leprae murium.....	682
Other Acid-fast Bacilli.....	682

*Chapter 32*

MEDICAL MYCOLOGY: THE PATHOGENIC FUNGI AND THE PATHOGENIC ACTINOMYCETES .....	687
--	-----

*by John W. Rippon, Ph.D.*

The Pathogenic Actinomycetes .....	690
Actinomycosis.....	691
Nocardiosis .....	695
Other Actinomycetous Infections .....	697
Mycetoma (Maduromycosis).....	698
The Pathogenic Fungi.....	700
The Superficial Mycoses .....	703
Tinea Versicolor (Pityriasis Versicolor).....	703
Tinea Nigra .....	703
Piedra.....	704
The Cutaneous Infections (Dermatophytoses) .....	704
The Pathogenic Yeasts .....	712
Candidiasis .....	714
The Subcutaneous Mycoses.....	717
Chromoblastomycosis.....	717
Sporotrichum schenckii (Sporotrichosis) .....	718
Subcutaneous Phycomycosis.....	720
The Systemic Mycoses .....	721
The Dimorphic Systemic Fungi.....	721
North American Blastomycosis.....	722
Coccidioidomycosis.....	725
Rhinosporidiosis .....	728
Adiospiromycosis .....	729
Paracoccidioidomycosis .....	729
Histoplasmosis .....	730
Other Systemic Mycoses.....	733
Cryptococcosis.....	733
Aspergillosis .....	735
Mucormycosis.....	737
Miscellaneous Mycoses .....	737
Mycotoxigenesis .....	738

*Chapter 33*

THE SPIROCHETES.....	745
The Spirochetes of the Relapsing Fevers (Borrelia) .....	745
Spirochetes of the Mouth .....	750
Treponema and the Treponematoses .....	750
Treponema pallidum (Syphilis).....	752
Nonvenereal Syphilis.....	757
Treponema pertenue (Yaws).....	757
Treponema carateum (Pinta).....	759

Leptospira and Leptospirosis .....	760
Weil's Disease (Infectious Jaundice) .....	763
Canine Leptospirosis .....	764
Swamp Fever .....	764
Leptospiral Infections of the Far East .....	764
Saprophytic Leptospira .....	765
Rat-Bite Fever ( <i>Spirillum morsus muris</i> ) .....	765
 <i>Chapter 34</i>	
MEDICAL PARASITOLOGY .....	769
<i>by Robert M. Lewert, Sc.D.</i>	
The Protozoa .....	770
The Intestinal Amebae (Sarcodina) .....	771
Ciliophora .....	775
Intestinal Flagellates (Mastigophora) .....	775
Hemoflagellates (Mastigophora) .....	776
The Trypanosomes .....	777
The Leishmanias .....	781
Sporozoa .....	783
Intestinal Sporozoans .....	791
Parasites of Uncertain Affinities .....	791
The Metazoa .....	793
Platyhelminthes .....	793
Trematoda .....	793
Cestoda .....	802
Nematoda .....	808
The Filaria .....	818
 <i>Chapter 35</i>	
RICKETTSIA .....	825
The Typhus Fevers .....	834
Epidemic Louseborne Typhus Fever .....	835
Murine Typhus .....	835
Immunization .....	837
The Spotted Fevers .....	838
Related Rickettsial Infections .....	839
Rickettsialpox .....	839
Tsutsugamushi Disease (Scrub Typhus, Mite Typhus) .....	840
Q Fever .....	841
Trench Fever .....	842
Laboratory Diagnosis of Rickettsial Disease .....	843
 <i>Chapter 36</i>	
THE PSITTACOSIS—LYMPHOGRANULOMA VENEREUM GROUP OF MICROORGANISMS .....	846
Psittacosis and Ornithosis .....	850
Lymphogranuloma Venereum .....	853
Trachoma and Inclusion Conjunctivitis .....	855
Trachoma .....	855
Inclusion Conjunctivitis .....	856

*Chapter 37*

## THE VIRUSES OF EXANTHEMATOUS DISEASE AND THE TUMOR

VIRUSES .....	859
The Pox Group of Viruses .....	859
Variola and Vaccinia .....	862
Pox Diseases of Lower Animals .....	866
The Herpesviruses .....	867
Herpes Simplex .....	867
Herpetic Infections of Lower Animals .....	870
Pseudorabies .....	870
B Virus .....	870
Virus III .....	870
Varicella and Zoster .....	871
Cat-scratch Fever .....	872
Infectious Mononucleosis .....	873
Salivary Gland Disease Viruses .....	873
Tumor Viruses .....	874
Molluscum Contagiosum .....	875
Myxoma and Fibroma Viruses .....	876
Infectious Wart Virus .....	877
Rabbit Papilloma Virus .....	877
Vacuolating Virus .....	879
Viral Agents of Mouse Neoplastic Disease .....	879
Viruses of Avian Neoplastic Disease .....	880

*Chapter 38*

## THE MYXOVIRUS GROUP (INFLUENZA, MUMPS, MEASLES, RUBELLA, RABIES) AND RELATED VIRUSES .....

885	
The Myxoviruses .....	885
The Influenza Viruses .....	886
The Influenza-like and Other Respiratory Viruses .....	893
Parainfluenza Viruses .....	893
Respiratory Syncytial Virus (RS Agent) .....	895
The Mumps and Related Viruses .....	895
Mumps .....	895
Newcastle Disease Virus .....	897
The Measles (Rubeola) Virus .....	898
The Rubella Viruses .....	901
The Rabies Virus .....	903

*Chapter 39*

## THE PICORNAVIRUSES (POLIOVIRUSES, COXSACKIE VIRUSES, ECHO VIRUSES, COMMON COLD VIRUSES); THE HEPATITIS

VIRUSES; THE ADENOVIRUSES .....	913
The Polioviruses .....	914
Encephalomyelitis of Mice .....	920
Teschén Virus (Porcine Encephalomyelitis) .....	921
The Coxsackie Viruses .....	921
The Enteric Orphan Viruses .....	924
ECHO Viruses .....	924
Reoviruses .....	926
Enteric Orphan Viruses of Lower Animals .....	927
The Encephalomyocarditis Viruses .....	928

The Common Cold Viruses .....	929
Foot-and-Mouth Disease.....	930
Viral Diarrheas .....	931
Viral Hepatitis .....	932
Infectious Hepatitis.....	932
Serum Hepatitis.....	933
Hepatitis of Lower Animals.....	934
The Adenoviruses.....	935

*Chapter 40*

THE ARBOVIRUSES (YELLOW FEVER, MOSQUITO-BORNE ENCEPHALITIDES, TICKBORNE ENCEPHALITIDES, DENGUE); THE LYMPHOCYTIC CHORIOMENINGITIS VIRUS .....	942
The Encephalitis and Related Viruses of Group A .....	943
Equine Encephalitis Viruses .....	943
Western Equine Encephalitis .....	944
Eastern Equine Encephalitis .....	946
Venezuelan Equine Encephalitis.....	947
Sindbis Virus .....	948
Chikungunya Virus .....	948
Semliki-Mayaro Virus.....	948
Semliki Forest Virus .....	948
Mayaro Virus.....	949
O'Nyong-Nyong Virus .....	949
Mosquito-borne Viruses of Group B .....	949
St. Louis Encephalitis.....	949
Japanese B Encephalitis.....	951
Murray Valley Encephalitis .....	952
West Nile Virus .....	953
Dengue .....	953
Ntaya Virus.....	956
Uganda S Virus.....	956
Zika Virus.....	957
Ilheus Virus.....	957
Yellow Fever.....	957
The Tickborne Viruses of Group B .....	960
Russian Spring-Summer Encephalitis.....	960
Louping Ill .....	962
Kyasanur Forest Disease .....	962
Powassan Virus.....	963
Colorado Tick Fever .....	963
The Bunyamwera Group of Viruses.....	964
Bunyamwera Virus .....	964
Cache Valley Virus.....	964
Wyeomyia Virus.....	965
Other Mosquito-borne Viruses .....	965
Sandfly Fever.....	965
Rift Valley Fever.....	966
California Virus.....	967
Turlock Virus .....	967
Bwamba Fever Virus .....	967
Interrelationships Among Arboviruses.....	968
Lymphocytic Choriomeningitis.....	969
Durand's Disease .....	971

INDEX.....	xxv
------------	-----
