PREFACE     vii

ACKNOWLEDGMENTS     ix

## **ONE**

CHARACTERISTICS OF FUNGI     1

Reproduction     1  
Classification     3  
Selected References     4

## **TWO**

COMMON CONTAMINANT FUNGI     6

Laboratory Procedures for Study of Contaminant Fungi     6  
Laboratory Exercise for Study of Airborne and Soilborne Fungi     8  
Representative Common Saprophytic Fungi     9

## **THREE**

LABORATORY PROCEDURES     20

Equipment     20  
Selection and Preparation of Specimens     20  
Mailing of Specimens     22  
Cultivation of Fungi     23  
Examination of Cultures     23  
Mounting Media, Stains, and Staining Methods     25  
Media     30  
Serologic Techniques     44  
Antigen Preparations     45  
Animal Inoculations     47  
Maintenance of Stock Cultures of Fungi     48

## **FOUR**

SUPERFICIAL MYCOSES     50

Otomycosis     50  
Piedra     51  
Pityriasis Versicolor     53  
Trichomycesis Axillaris     54  
Tinea Nigra     55

**FIVE**

**DERMATOPHYTOSES 59**

- Classification 59
- Mycologic Classification of Dermatophytes 60
- Suggestions for Laboratory Study of Dermatophytes 62
- Laboratory Diagnosis 64
- Microsporum* spp. 65
- Epidermophyton* spp. 73
- Trichophyton* spp. 74

**SIX**

**DEEP MYCOSES 87**

**SEVEN**

**SUBCUTANEOUS MYCOSES 88**

- Mycetoma 88
- Chromomycosis 91
- Sporotrichosis 95

**EIGHT**

**SYSTEMIC MYCOSES 99**

- Blastomycosis 99
- Paracoccidioidomycosis 103
- Lobomycosis 105
- Coccidioidomycosis 106
- Histoplasmosis 110
- African Histoplasmosis 114

**NINE**

**YEASTS OF MEDICAL IMPORTANCE 117**

- Cryptococcosis 118
- Candidosis 124
- Torulopsosis 131

**TEN**

**OPPORTUNISTIC FUNGAL INFECTIONS 133**

- Candidosis 133
- Aspergillosis 134
- Cryptococcosis 134
- Mucormycosis 134
- Torulopsosis 134
- Geotrichosis 135
- Aspergillosis 136
- Phycomycoses 140

**ELEVEN**

**MISCELLANEOUS MYCOSES 145**

- Rhinosporidiosis 145
- Penicilliosis 147
- Cladosporiosis 148
- Mycotic Keratitis 150

**TWELVE****RARE MISCELLANEOUS MYCOSES 152**

Adispiromycosis	152
Basidiomycosis	152
Cephalosporiomycosis	152
Cercosporomycosis	152
Fusariomycosis	152
Paecilomycosis	153
Phaeohyphomycosis	153
Scopulariopsis	153

**THIRTEEN****ACTINOMYCETES 154**

Actinomycosis	155
Nocardiosis	160
Dermatophilosis	166

**SOURCES OF MEDIA, CULTURES, EQUIPMENT, AND VISUAL AIDS 168**

Some Suppliers	168
Cultures	168
Yeast Identification Media and Kits	169
Serologic Tests	169
Visual Aids	169
Color Slides and Film Strips	170

**GLOSSARY 171****HUMAN MYCOSES 1 (INSERT)****INDEX I**
