Summary of Major Changes in the <i>2000 Red Book</i>	xxv
--	-----

SECTION 1

ACTIVE AND PASSIVE IMMUNIZATION

Prologue.....	1
Sources of Vaccine Information.....	2
Informing Patients and Parents	4
Risk Communication	5
Active Immunization.....	6
Immunizing Antigens.....	9
Vaccine Handling and Storage.....	9
Personnel	14
Equipment.....	14
Procedures	15
Vaccine Administration.....	16
General Instructions for Persons Administering Vaccines.....	16
Site and Route of Immunization (Active and Passive)	16
Managing Injection Pain.....	19
Injection Technique and Position.....	19
Topical Anesthetic Techniques	19
Nonpharmacologic Techniques.....	20
Scheduling Immunizations	20
Interchangeability of Vaccine Products	26
Simultaneous Administration of Multiple Vaccines	26
Lapsed Immunizations	27
Unknown or Uncertain Immunization Status.....	27
Immunizations Received Outside the United States	27
Vaccine Dose.....	28
Active Immunization of Persons Who Recently Received	
Immune Globulin	28
Tuberculin Testing.....	29
Record Keeping and Immunization Registries	30
Patients' Personal Immunization Records	30
Physicians' Immunization Records.....	30
Vaccine Safety and Contraindications.....	30
Risks and Adverse Events.....	30
Reporting of Adverse Events.....	31
Vaccine Safety Datalink Project	32
Vaccine Injury Compensation	32
Precautions and Contraindications	34
Hypersensitivity Reactions to Vaccine Constituents.....	35

Misconceptions About Vaccine Contraindications.....	38
Reporting of Vaccine-Preventable Diseases	39
Standards for Pediatric Immunization Practices	39
Parental Misconceptions About Immunizations.....	39
Passive Immunization.....	41
Immune Globulin	42
Indications for the Use of IG.....	42
Adverse Reactions to IG	43
Precautions for the Use of IG	43
Specific Immune Globulins	44
Immune Globulin Intravenous	44
Indications for the Use of IGIV.....	44
Adverse Reactions to IGIV	46
Precautions for the Use of IGIV	47
Human Plasma.....	47
Antibodies of Animal Origin (Animal Antisera)	47
Indications for Use of Animal Antisera.....	48
Reactions to Animal Sera.....	48
Sensitivity Tests for Reactions to Animal Sera.....	48
Desensitization to Animal Sera.....	49
Types of Reactions to Animal Sera	49
Treatment of Anaphylactic Reactions.....	51
Immunization in Special Clinical Circumstances.....	54
Preterm Infants.....	54
Pregnancy.....	55
Immunocompromised Children	56
Primary and Secondary Immune Deficiencies	56
Corticosteroids	61
Hodgkin Disease	62
Transplant Recipients	62
HIV Infection	64
Asplenic Children.....	66
Children With a Personal or Family History of Seizures.....	68
Children With Chronic Diseases	68
Active Immunization After Exposure to Disease.....	69
Measles.....	69
Varicella.....	69
Hepatitis B.....	69
Hepatitis A.....	69
Tetanus.....	69
Rabies.....	69
Mumps and Rubella.....	69
Children in Residential Institutions.....	70
Measles.....	70
Mumps.....	70
Influenza	71
Pertussis.....	71

Hepatitis A	71
Hepatitis B	71
Pneumococcal Infections	71
Varicella	72
Other Infections	72
Children in Military Populations	72
Adolescent and College Populations	72
Measles	73
Rubella	73
Varicella	73
Hepatitis B	73
Diphtheria, Tetanus, and Pertussis	74
Influenza	74
<i>Neisseria meningitidis</i>	74
Other Recommendations	74
Health Care Personnel	74
Refugees and Immigrants	76
Foreign Travel	77
Routine Immunizations	77
Immunizations Required or Recommended Because of Risk of Disease	79

SECTION 2

RECOMMENDATIONS FOR CARE OF CHILDREN IN SPECIAL CIRCUMSTANCES

Chemical-Biological Terrorism	83
Blood Safety: Reducing the Risk of Transfusion-Transmitted Infections	88
Human Milk	98
Children in Out-of-Home Child Care	105
School Health	119
Infection Control for Hospitalized Children	127
Pet Visitation	136
Infection Control in Physicians' Offices	137
Sexually Transmitted Diseases in Adolescents and Children	138
Medical Evaluation of Internationally Adopted Children for Infectious Diseases	148
Injuries From Discarded Needles in the Community	153
Bite Wounds	155
Prevention of Tick-borne Infections	159

SECTION 3

SUMMARIES OF INFECTIOUS DISEASES

Actinomycosis	161
Adenovirus Infections	162
Amebiasis	164
Amebic Meningoencephalitis and Keratitis (<i>Naegleria fowleri</i> , <i>Acanthamoeba</i> and <i>Balamuthia</i> Species)	166
Anthrax	168

Arboviruses (Including Western and Eastern Equine Encephalitis, St Louis Encephalitis, Powassan, California Encephalitis (primarily LaCrosse virus), Colorado Tick Fever, Dengue, Japanese Encephalitis, Venezuelan Equine Encephalitis, Yellow Fever, and West Nile Encephalitis).....	170
<i>Arcanobacterium haemolyticum</i> Infections.....	175
<i>Ascaris lumbricoides</i> Infections.....	176
Aspergillosis.....	178
Astrovirus Infections.....	180
Babesiosis.....	181
<i>Bacillus cereus</i> Infections.....	182
Bacterial Vaginosis.....	183
<i>Bacteroides</i> and <i>Prevotella</i> Infections.....	185
<i>Balantidium coli</i> Infections (Balantidiasis).....	187
<i>Blastocystis hominis</i> Infections.....	188
Blastomycosis.....	189
<i>Borrelia</i> (Relapsing Fever).....	190
Brucellosis.....	192
<i>Burkholderia</i> Infections.....	194
Caliciviruses.....	195
<i>Campylobacter</i> Infections.....	196
Candidiasis (Moniliasis, Thrush).....	198
Cat-scratch Disease (<i>Bartonella henselae</i>).....	201
Chancroid.....	203
Chlamydial Infections.....	205
<i>Chlamydia pneumoniae</i>	205
<i>Chlamydia psittaci</i> (Psittacosis, Ornithosis).....	206
<i>Chlamydia trachomatis</i>	208
Clostridial Infections.....	212
Botulism and Infant Botulism (<i>Clostridium botulinum</i>).....	212
<i>Clostridium difficile</i>	214
Clostridial Myonecrosis (Gas Gangrene).....	216
<i>Clostridium perfringens</i> Food Poisoning.....	218
Coccidioidomycosis.....	219
Coronaviruses.....	221
<i>Cryptococcus neoformans</i> Infections.....	222
Cryptosporidiosis.....	223
Cutaneous Larva Migrans.....	225
<i>Cyclospora</i> Infections.....	226
Cytomegalovirus Infection.....	227
Diphtheria.....	230
Ehrlichiosis (Human).....	234
Enterovirus (Nonpolio) Infections (Group A and B Coxsackie- viruses, Echoviruses, and Enteroviruses).....	236
Epstein-Barr Virus Infections (Infectious Mononucleosis).....	238
<i>Escherichia coli</i> and Other Gram-negative Bacilli (Septicemia and Meningitis in Neonates).....	241

<i>Escherichia coli</i> Diarrhea (Including Hemolytic-Uremic Syndrome)	243
Filariasis (Bancroftian, Malayan, and Timorian)	248
Fungal Diseases	249
<i>Giardia lamblia</i> Infections (Giardiasis)	252
Gonococcal Infections	254
Granuloma Inguinale (Donovanosis)	261
<i>Haemophilus influenzae</i> Infections	262
Hantavirus Cardiopulmonary Syndrome	272
<i>Helicobacter pylori</i> Infections	275
Hemorrhagic Fevers Caused By Arenaviruses	276
Hemorrhagic Fevers and Related Syndromes, Excluding Hantavirus Cardiopulmonary Syndrome, Caused By Viruses of the Family Bunyaviridae	278
Hepatitis A	280
Hepatitis B	289
Hepatitis C	302
Hepatitis D	306
Hepatitis E	307
Hepatitis G	308
Herpes Simplex	309
Histoplasmosis	319
Hookworm Infections (<i>Ancylostoma duodenale</i> and <i>Necator americanus</i>)	321
Human Herpesvirus 6 (Including Roseola) and 7	322
Human Herpesvirus 8	324
Human Immunodeficiency Virus Infection	325
Influenza	351
Isosporiasis (<i>Isospora belli</i>)	359
Kawasaki Disease	360
<i>Legionella pneumophila</i> Infections	364
Leishmaniasis	365
Leprosy	368
Leptospirosis	370
<i>Listeria monocytogenes</i> Infections (Listeriosis)	372
Lyme Disease (<i>Borrelia burgdorferi</i>)	374
Lymphocytic Choriomeningitis	380
<u>Malaria</u>	<u>381</u>
Measles	385
Meningococcal Infections	396
Microsporidia Infections (Microsporidiosis)	402
Molluscum Contagiosum	403
<i>Moraxella catarrhalis</i> Infections	404
Mumps	405
<i>Mycoplasma pneumoniae</i> Infections	408
Nocardiosis	411
Onchocerciasis (River Blindness, Filariasis)	412
Papillomaviruses	413
Paracoccidioidomycosis (South American Blastomycosis)	416

Paragonimiasis	417
Parainfluenza Viral Infections	419
Parasitic Diseases	420
Parvovirus B19 (Erythema Infectiosum, Fifth Disease)	423
<i>Pasteurella multocida</i> Infections	426
Pediculosis Capitis (Head Lice)	427
Pediculosis Corporis	429
Pediculosis Pubis	430
Pelvic Inflammatory Disease	431
Pertussis	435
Pinworm Infection (<i>Enterobius vermicularis</i>)	448
2 Plague	450
Pneumococcal Infections	452
<i>Pneumocystis carinii</i> Infections	460
Poliovirus Infections	465
Prion Diseases	471
Transmissible Spongiform Encephalopathies	471
Q Fever	473
3 Rabies	475
Rat-Bite Fever	482
Respiratory Syncytial Virus	483
Rhinovirus Infections	488
Rickettsial Diseases	489
Rickettsialpox	490
Rocky Mountain Spotted Fever	491
Rotavirus Infections	493
Rubella	495
4 Salmonella Infections	501
3 Scabies	506
Schistosomiasis	508
<i>Shigella</i> Infections	510
Sporotrichosis	512
Staphylococcal Food Poisoning	513
Staphylococcal Infections	514
Group A Streptococcal Infections	526
Group B Streptococcal Infections	537
Non-Group A or B Streptococcal and Enterococcal Infections	544
Strongyloidiasis (<i>Strongyloides stercoralis</i>)	545
Syphilis	547
Tapeworm Diseases (<i>Taeniasis</i> and <i>Cysticercosis</i>)	560
Other Tapeworm Infections (Including Hydatid Disease)	562
Tetanus (Lockjaw)	563
Tinea Capitis (Ringworm of the Scalp)	569
Tinea Corporis (Ringworm of the Body)	570
Tinea Cruris (Jock Itch)	572
Tinea Pedis (Athlete's Foot, Ringworm of the Feet)	573

Tinea Versicolor (Pityriasis Versicolor).....	574
Toxic Shock Syndrome.....	576
Toxocariasis (Visceral Larva Migrans, Ocular Larva Migrans).....	582
<i>Toxoplasma gondii</i> Infections (Toxoplasmosis).....	583
Trichinosis (<i>Trichinella spiralis</i>).....	587
<i>Trichomonas vaginalis</i> Infections (Trichomoniasis).....	588
Trichuriasis (Whipworm Infection).....	589
African Trypanosomiasis (African Sleeping Sickness).....	590
American Trypanosomiasis (Chagas Disease).....	591
Tuberculosis.....	593
Diseases Caused By Nontuberculous Mycobacteria (Atypical Mycobacteria, Mycobacteria Other Than <i>Mycobacterium</i> <i>tuberculosis</i>).....	613
Tularemia.....	618
^b Endemic Typhus (Flea-borne Typhus or Murine Typhus).....	620
⁷ Epidemic Typhus (Louse-borne Typhus).....	621
<i>Ureaplasma urealyticum</i> Infections.....	623
Varicella-Zoster Infections.....	624
[✓] Vibrio Infections.....	638
Cholera (<i>Vibrio cholerae</i>).....	638
Other <i>Vibrio</i> Infections.....	640
<i>Yersinia enterocolitica</i> and <i>Yersinia pseudotuberculosis</i> Infections (Enteritis and Other Illnesses).....	642

SECTION 4

ANTIMICROBIAL AGENTS AND RELATED THERAPY

Introduction.....	645
Fluoroquinolones.....	645
Tetracyclines.....	646
Judicious Use of Antimicrobial Agents.....	647
Principles of Judicious Use for Upper Respiratory Tract Infections.....	647
Principles of Judicious Use of Vancomycin.....	649
Tables of Antibacterial Drug Dosages.....	650
Antibacterial Drugs for Newborn Infants.....	651
Antibacterial Drugs for Pediatric Patients Beyond the Newborn Period.....	653
Sexually Transmitted Diseases.....	663
Antifungal Drugs for Systemic Fungal Infections.....	668
Recommended Doses of Parenteral and Oral Antifungal Drugs.....	670
Drugs for Invasive and Other Serious Fungal Infections in Children.....	672
Topical Drugs for Superficial Fungal Infections.....	673
Antiviral Drugs for Non-Human Immunodeficiency Virus Infections.....	675
Antiretroviral Therapy.....	678
Characteristics of Antiretroviral Drugs.....	678
Nucleoside Analogue Reverse Transcriptase Inhibitors.....	678
Nonnucleoside Reverse Transcriptase Inhibitors.....	685
Protease Inhibitors.....	687
Considerations for Changing Antiretroviral Therapy.....	692

Drugs for Parasitic Infections	693
MEDWATCH — The FDA Medical Products Reporting Program	726

SECTION 5

ANTIMICROBIAL PROPHYLAXIS	729
Antimicrobial Prophylaxis	729
Specific Pathogens	729
Infection-Prone Body Sites	729
Vulnerable Hosts	730
Antimicrobial Prophylaxis in Pediatric Surgical Patients	730
Frequency of Antimicrobial Prophylaxis	730
Inappropriate Antimicrobial Prophylaxis	731
Guidelines for Appropriate Use	731
Indications for Prophylaxis	731
When Should Prophylactic Antibiotics Be Given?	733
Duration of Administration of Antimicrobial Agents	733
Which Antibiotics Should Be Given?	733
Conclusions	734
Addendum	734
Prevention of Bacterial Endocarditis	735
Prevention of Neonatal Ophthalmia	735
Gonococcal Ophthalmia	735
Chlamydial Ophthalmia	741
Nongonococcal Nonchlamydial Ophthalmia	741

APPENDICES

Appendix I. Directory of Resources	743
Appendix II. Standards for Pediatric Immunization Practices	748
Appendix III. National Vaccine Injury Act. Reporting and Compensation Table	759
Appendix IV. State Immunization Requirements for School Attendance	766
Appendix V. Clinical Syndromes Associated With Foodborne Diseases	767
Appendix VI. Potentially Contaminated Food Products	770
Appendix VII. Diseases Transmitted by Animals	772
Appendix VIII. Nationally Notifiable Infectious Diseases in the United States	777
Appendix IX. Services of the Centers for Disease Control and Prevention (CDC)	779
