

---

# CONTENTS

## **Chapter 1. Protein Chemistry and the Humoral Immune System 1**

- 1.1. Electrophoretic Techniques 1
- 1.2. Quantitation Techniques 14
- 1.3. Algorithm for Serum Protein Analysis 25
- 1.4. Blotting Techniques 26
- 1.5. Staining Procedures 28
- References 29

## **Chapter 2. The Cellular Arm of the Immune Response 31**

- 2.1. In vivo Tests 34
- 2.2. In vitro Tests: Flow Cytometry and Lymphocyte Phenotyping 35
- 2.3. Cell Function Studies 51
- References 52

## **Chapter 3. Specific Immune Responses to Infectious Agents 55**

- 3.1 Test Procedures Used 55
- 3.2 Monoclonal Antibodies 60

|                                   |    |
|-----------------------------------|----|
| 3.3. Nucleic Acid Probes          | 60 |
| 3.4. Specific Infectious Diseases | 62 |
| References                        | 78 |

## **Chapter 4. Immune Responses to Autologous Antigens 79**

|                                             |    |
|---------------------------------------------|----|
| 4.1. Non-Organ-Specific Autoimmune Diseases | 80 |
| 4.2. Organ-Specific Autoimmune Diseases     | 93 |
| References                                  | 96 |

## **Chapter 5. Deficiencies of the Immune System 97**

|                                      |     |
|--------------------------------------|-----|
| 5.1. Primary Immune Deficiencies     | 98  |
| 5.2. Secondary Immune Deficiencies   | 106 |
| 5.3. The Evaluation of Immune Status | 107 |
| References                           | 111 |

## **Chapter 6. Transplantation and the HLA System 113**

|                                                |     |
|------------------------------------------------|-----|
| 6.1. Class I MHC Antigens                      | 114 |
| 6.2. Class II MHC Antigens                     | 115 |
| 6.3. Specificity Nomenclature                  | 116 |
| 6.4. Class III MHC Antigens                    | 117 |
| 6.5. Assay Procedures                          | 118 |
| 6.6. Mixed Lymphocyte Culture for HLA-D Typing | 125 |
| 6.7. HLA and Disease Associations              | 126 |
| References                                     | 128 |

## **Chapter 7. Tumor Immunity 129**

|                                     |     |
|-------------------------------------|-----|
| 7.1. Tumor Antigens                 | 130 |
| 7.2. The Immune Responses to Tumors | 134 |
| References                          | 136 |

## **Chapter 8. Hypersensitivity and the IgE Response 137**

|                                           |     |
|-------------------------------------------|-----|
| 8.1. Immediate Hypersensitivity Reactions | 138 |
| 8.2. IgE Levels and Measurement           | 141 |
| 8.3. The Low Affinity IgE Receptor        | 143 |
| 8.4. Allergens                            | 144 |
| References                                | 145 |
