Preface	vii
British Pharmacopœia Commission 1958-1963	viii
Introduction	ix
Amendments to the British Pharmacopœia 1958 official from 1 September, 1958	xiv
Amendments to the British Pharmacopœia 1958 official from 26 June, 1959	xx
Monographs	1
Appendices	65
I Materials and Solutions employed in Tests	65
II A. Solutions employed in Volumetric Determinations	68
VI Quantitative Test for Arsenic	68
VII Quantitative Test for Lead	68
XV Biological Assays and Tests	
Standard Preparations and Units of Activity	69
A. Antibiotics	70
B. Serological and Bacteriological Products	
1. Diphtheria Antitoxin	70
4. Gas-gangrene Antitoxin (Septicum)	70
12. Poliomyelitis Neutralising Antibody	70
C. Hormones	
2. Corticotrophin	71
3. Insulin	73
8. Prolongation of Corticotrophin Effect	73
XVII Tests for Sterility	73
XVIII A. Assay of Vitamin A	74
XXI C. Uniformity of Diameter of Tablets	76
XXIII B. Sieves	77
Index	79
